

Basingstoke and Deane

Residential
Analysts

1. Affordability

Average house prices

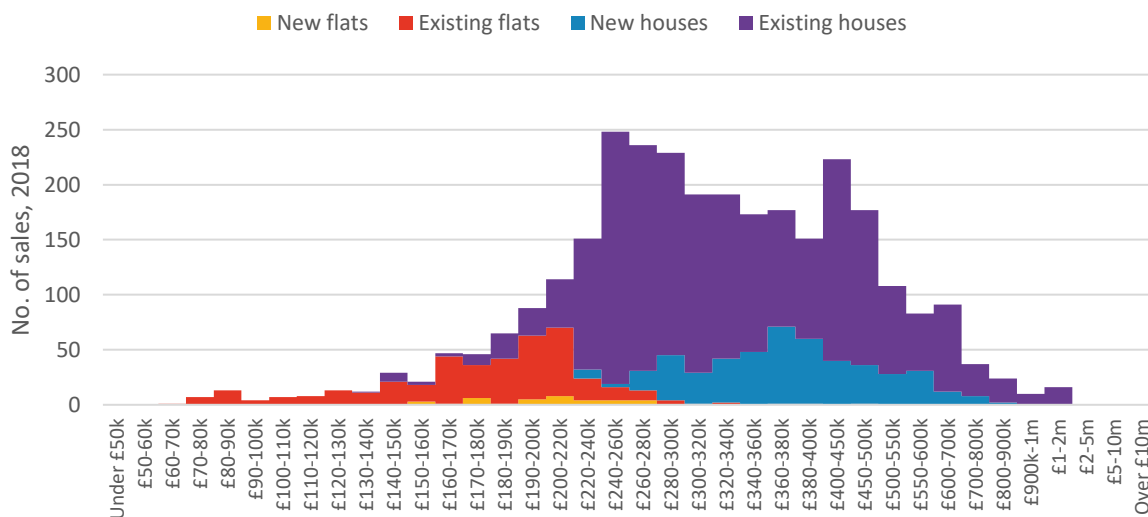

Source: HM Land Registry Price Paid Data

The average house price in Basingstoke and Deane in 2018 was £301,000. The median ratio of house prices to local earnings is 9.6. This is higher than the England average of 8.0, suggesting high house prices are likely to be an issue.

According to 2016 ONS data, the average price per square metre was £3,295 with the average price per bedroom £73,154 - the corresponding national average figures were £2,463 and £55,087.

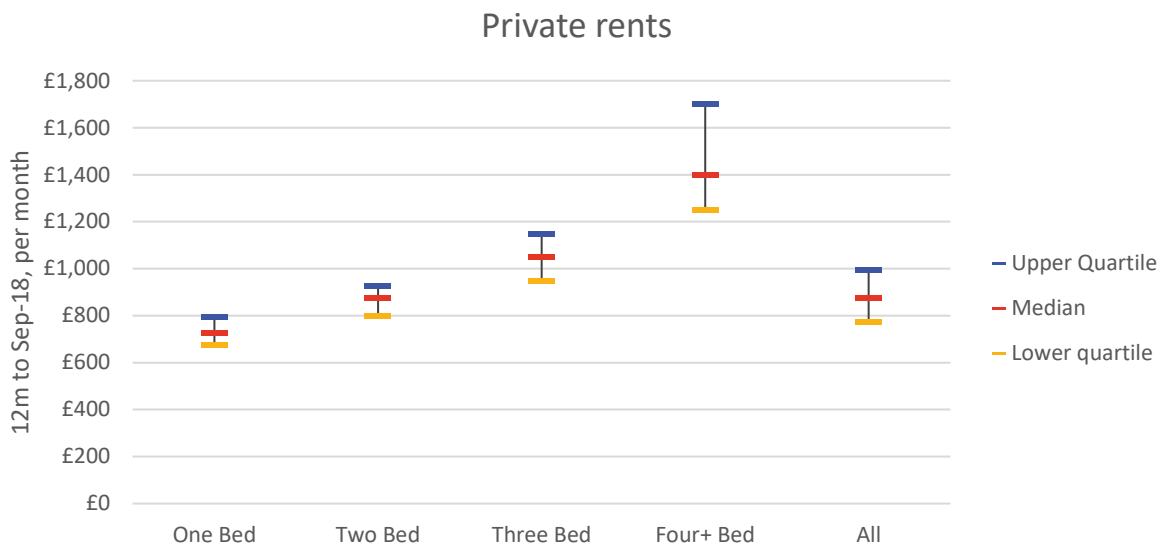

Sales distribution by house price

Source: HM Land Registry Price Paid Data

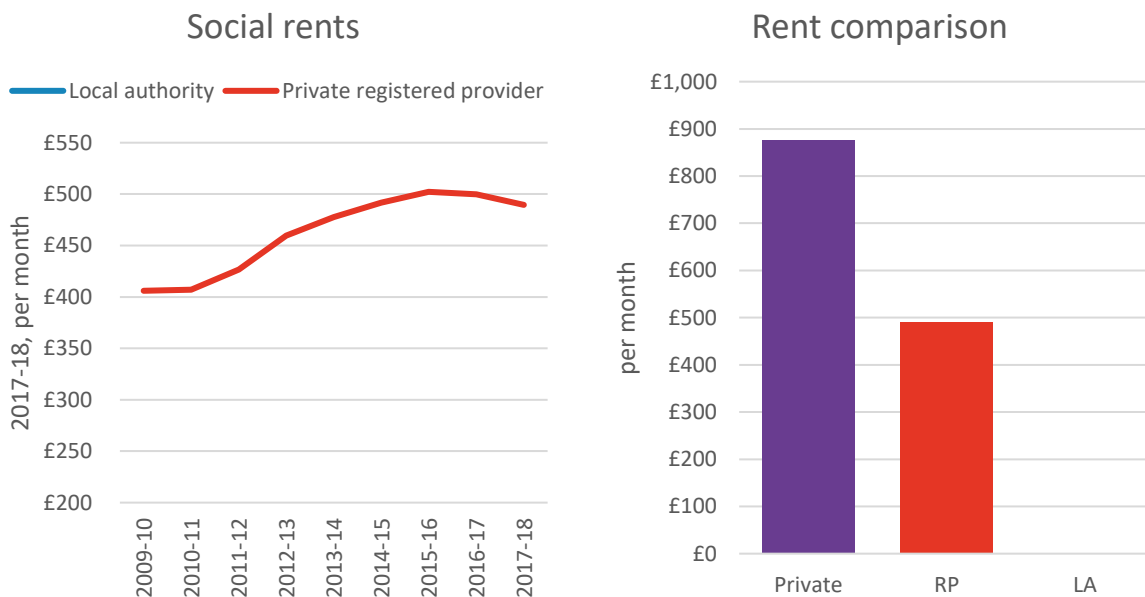

New homes made up 17.0% of the total 2,991 sales recorded by the Land Registry in 2018. 14.1% of total sales were flats, and 44.8% were under £300,000. By comparison, 66.0% of transactions nationally were under £300,000.

1. Affordability

Source: VOA Private Rental Market Statistics

Private rents in Basingstoke and Deane in the 12 months to September 2018 ranged from £675 per month for a lower quartile one bed to £1,700 for an upper quartile four (or more) bed property. The overall median private rent was £875, which is higher than the England average of £690, suggesting high private rents are likely to be a problem.

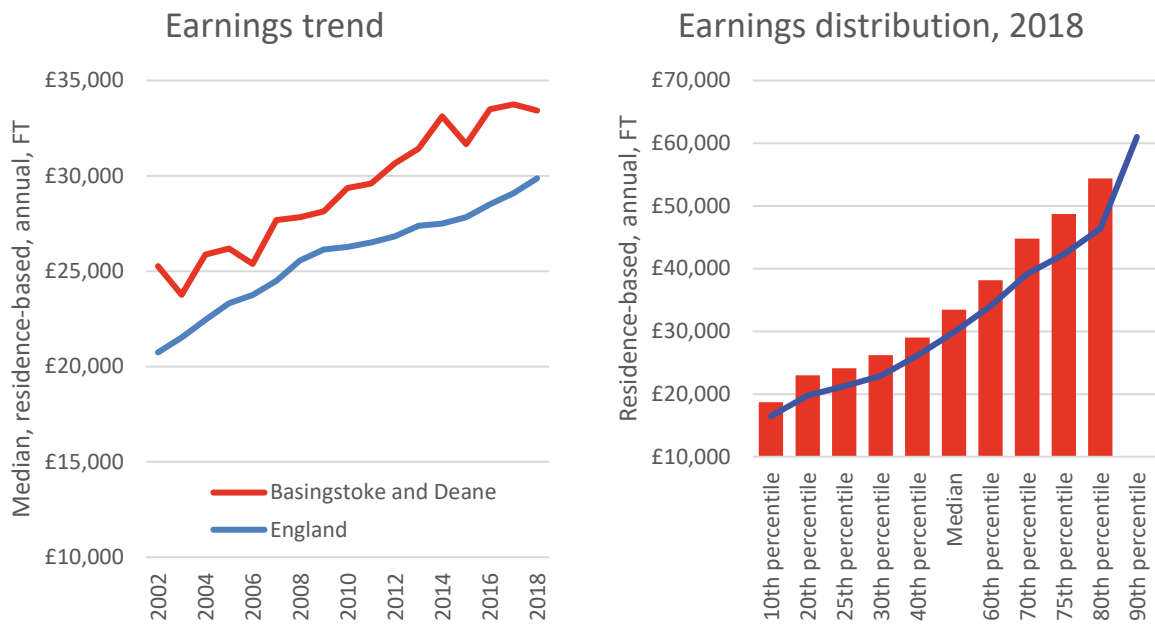

Source: MHCLG Live Tables on Rents, Lettings and Tenancies; VOA Private Rental Market Statistics

Social rents are approximately 56% of private rents in Basingstoke and Deane. Average social rents have increased 6.5% over the past five years, compared with 9.3% at national level.

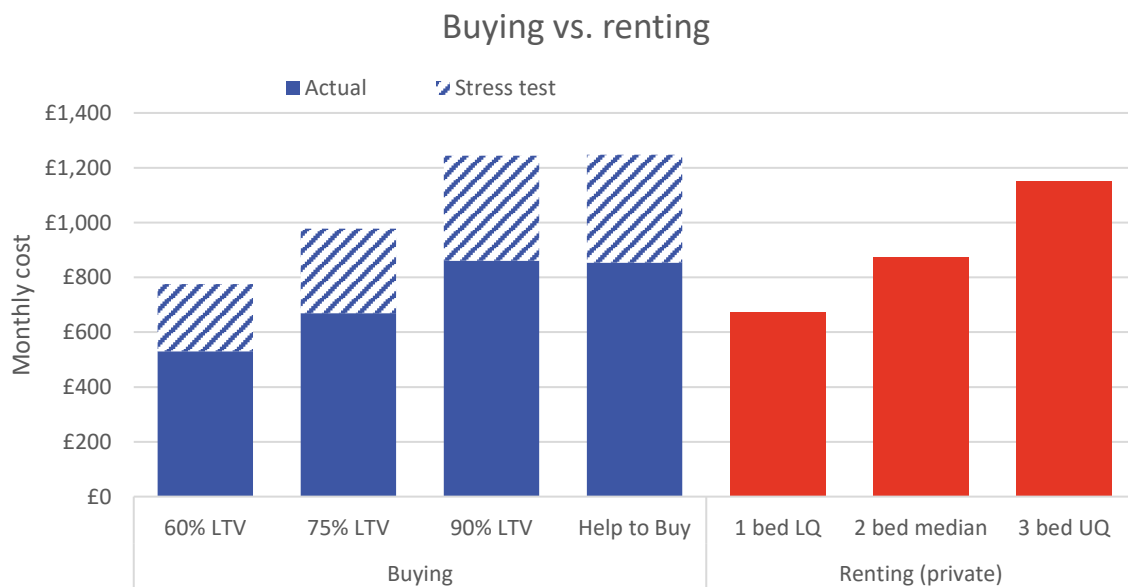

Note: Social rents based on simple average of RP and local authority stock, or RPs only where no local authority stock (e.g. LSVT).

1. Affordability

Source: ONS Annual Survey of Hours and Earnings

The median full-time earnings in Basingstoke and Deane were £33,429 in 2018, compared to £29,869 in England. Half of local full-time workers earn between the lower quartile of £24,112 and the upper quartile of £48,738, compared to national figures of £21,273 and £42,285.

This chart shows a simple comparison of initial mortgage costs and rents for a range of scenarios to represent potential FTB decisions.

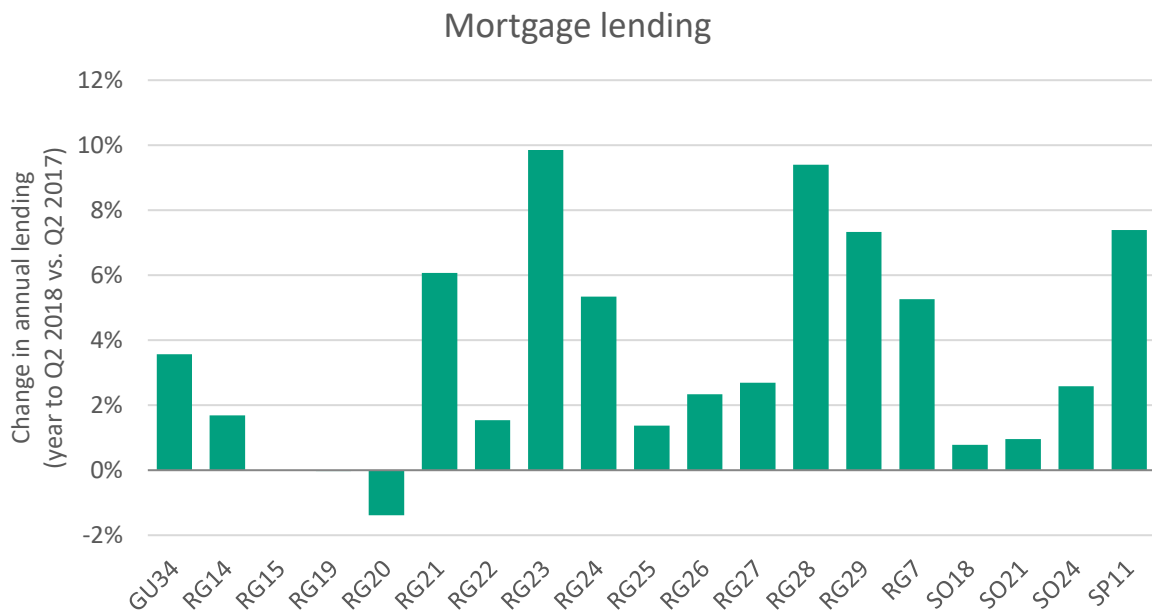

Note: Buying scenarios based on average terraced house value (flat in London), lower of £600k (HTB limit) or average new build for HTB, and includes +3% mortgage rate stress test.

1. Affordability

Source: HM Land Registry UK House Price Index

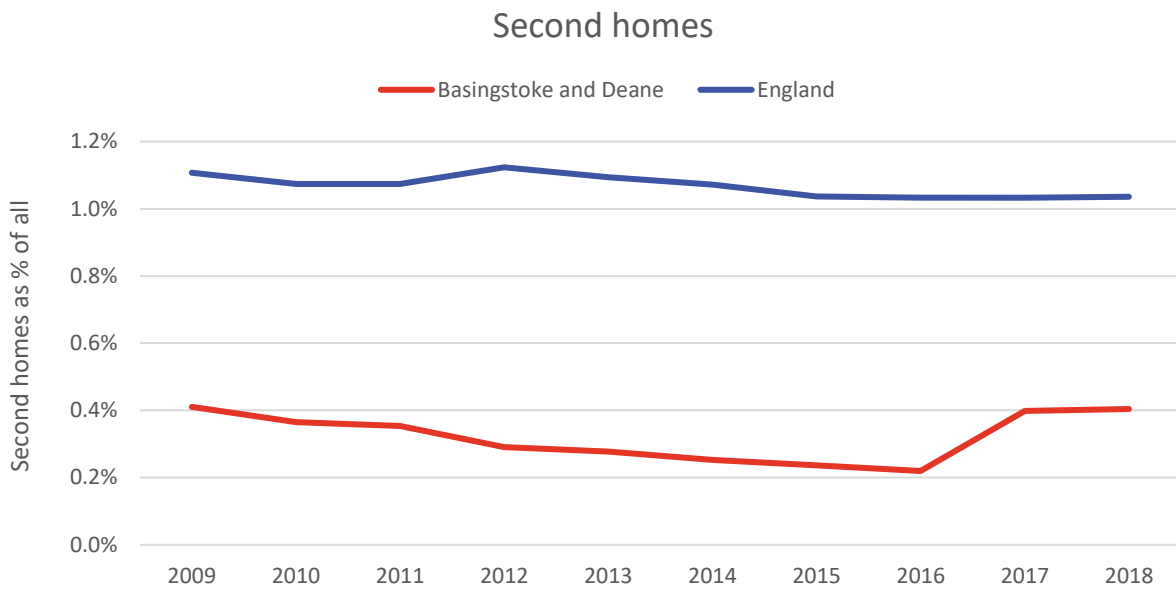

House prices in Basingstoke and Deane in December 2018 are higher than their 2007/08 peak by 29.2%, compared with England at +27.3%. This suggests that rapid house price growth through the current cycle may be a local problem. Values in 2018 decreased by 1.9% annually. An indicative rental yield (based on ave 2 bed rent vs. ave flat sales value) for Basingstoke and Deane is 5.9%, compared with 3.4% nationally.

Source: UK Finance

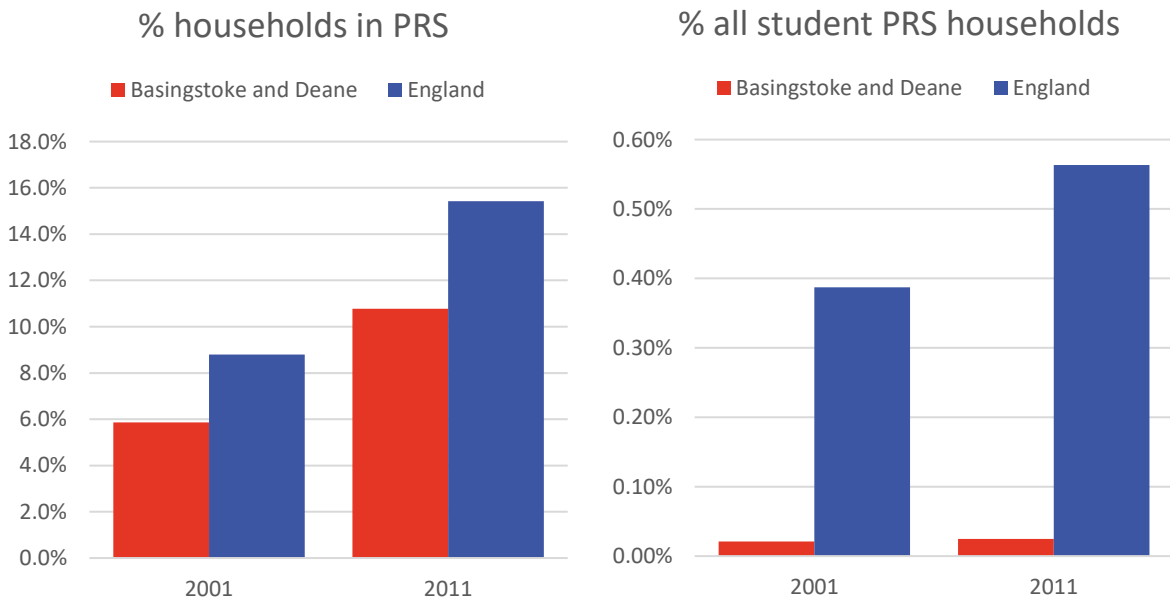

This chart shows the change in mortgage lending across the postcode districts in Basingstoke and Deane. The total volume of lending in the 12 months to Q2 2018 was £9,305 million, compared with £9,007 million a year earlier, a change of +3.3%.

1. Affordability

Source: Council Tax Base

0.4% of residential properties in Basingstoke and Deane were recorded as second homes in 2018 according to Council Tax Base data. This is significantly lower than the England average, suggesting high levels of second home ownership are unlikely to be a problem, though other sources should be considered.

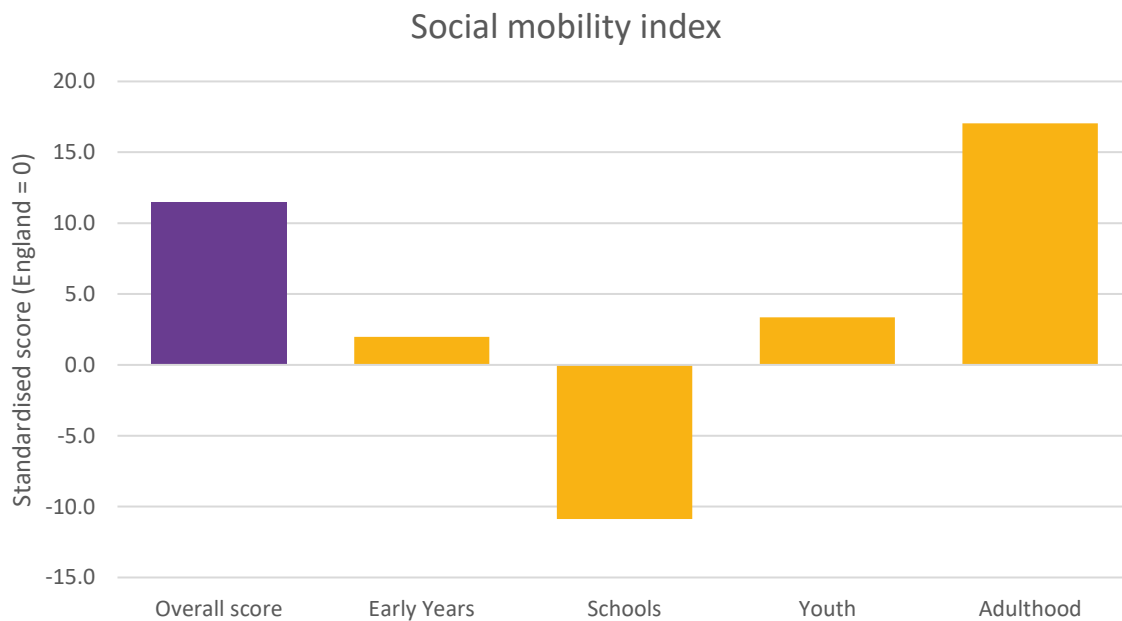

Source: 2001 and 2011 Census

10.8% of households in Basingstoke and Deane were rented privately according to the 2011 Census, compared to 5.9% in 2001. The England average changed from 8.8% to 15.4% over the same period.

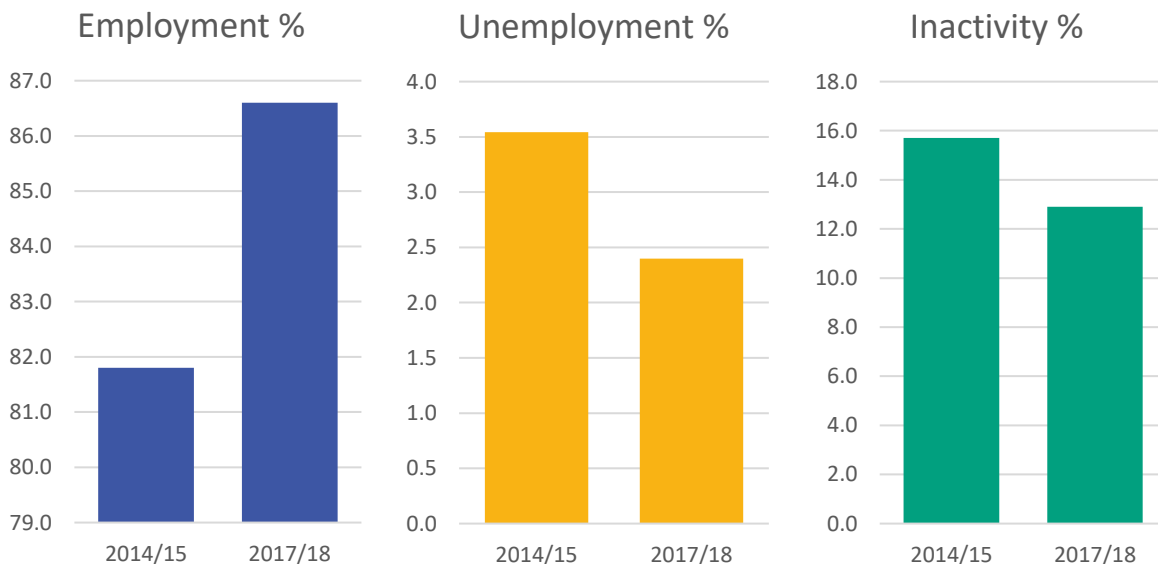

0.2% of the PRS households in Basingstoke and Deane comprised only students in 2011, compared with 3.7% in England, suggesting students are not a significant part of the local PRS market.

1. Affordability

Source: Social Mobility Index

Basingstoke and Deane received an overall standardised score of 11.5 in the 2017 Social Mobility Index, compared to the England average of zero. Basingstoke and Deane ranks as 118/324 for overall score across all English local authorities for which data is available. Local house price affordability could be a further barrier to social mobility in this area.

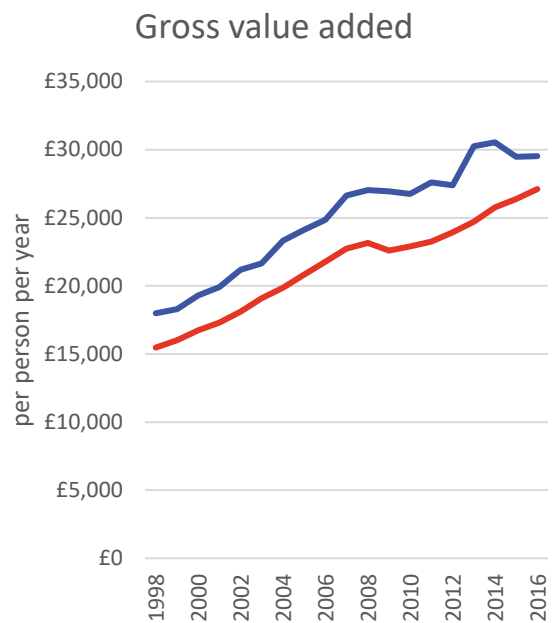

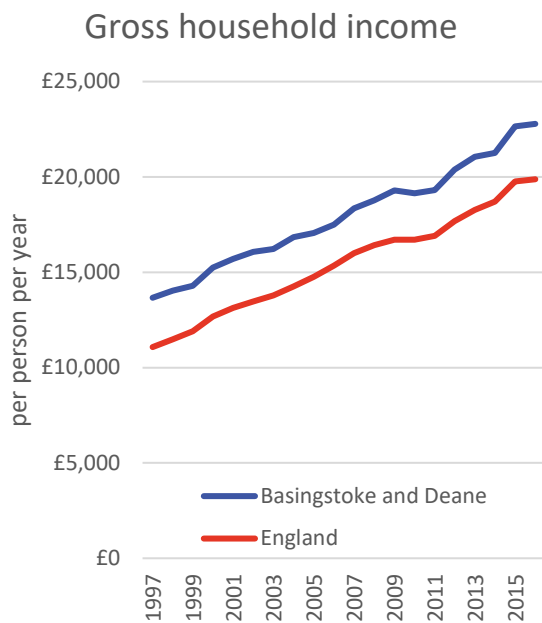

Source: ONS Local Labour Market Indicators

Employment in Basingstoke and Deane changed from 81.8% in 2014/15 to 86.6% in 2017/18; unemployment changed from 3.5% to 2.4%; and economic inactivity changed from 15.7% to 12.9%.

By comparison, employment in England changed from 73.6% in 2014/15 to 75.3% in 2017/18; unemployment changed from 5.3% to 4.2%; and economic inactivity changed from 22.2% to 21.3%.

1. Affordability

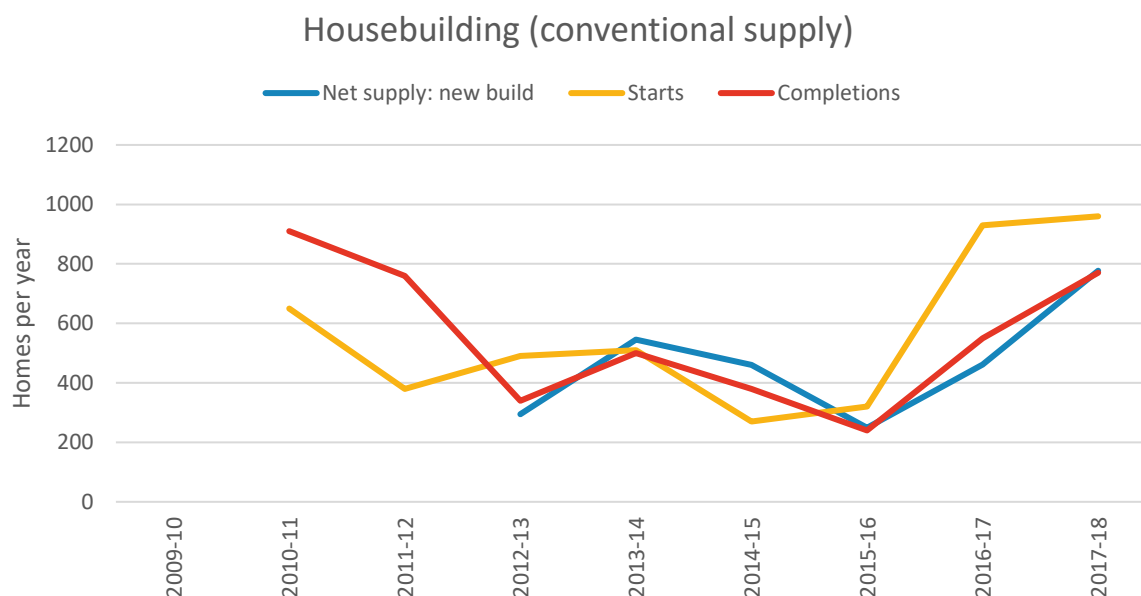

Source: ONS Regional Accounts

Gross domestic household income in Basingstoke and Deane was £22,783 per person per year in 2016, compared with £17,498 in 2006. By comparison the figure for England changed from £15,349 to £19,878 over the same period. Based on this measure, Basingstoke and Deane is a relatively affluent area.

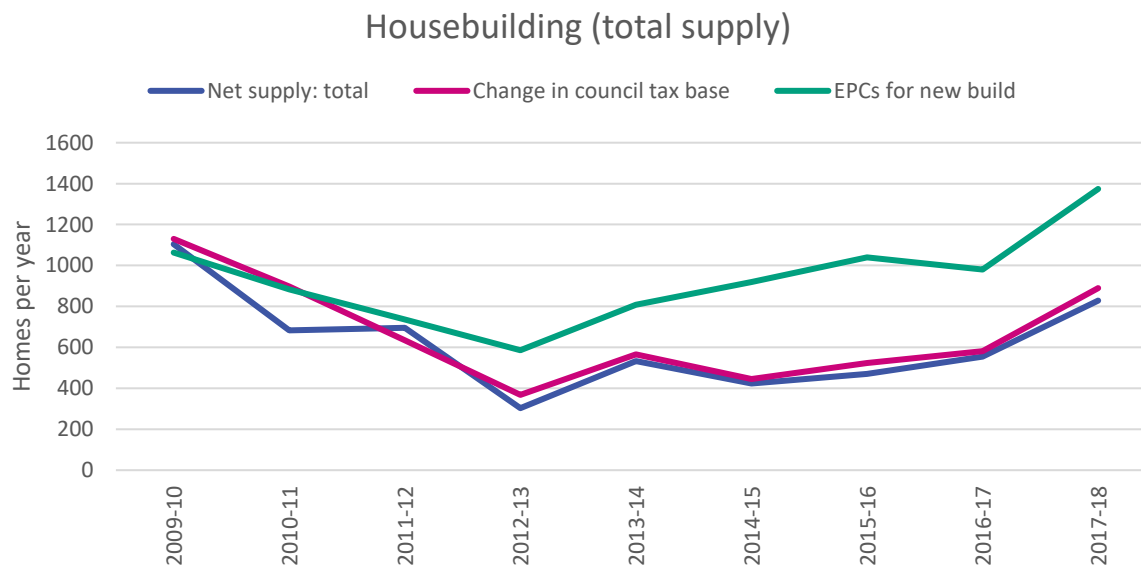

Gross value added at district level was £29,525 per person per year in 2016, compared with £24,846 a decade earlier. By comparison the figure for England changed from £21,773 to £27,108 over the same period.

2. Availability

Source: MHCLG Live Tables 253a and 122

The measures of 'conventional' housebuilding for Basingstoke and Deane are shown in this chart. The 'official' MHCLG supply figures for 2017-18 recorded 777 new build completions (excluding any conversions or change of use). Over the same period 770 completions were recorded in the 'unofficial' quarterly data, along with 960 starts.

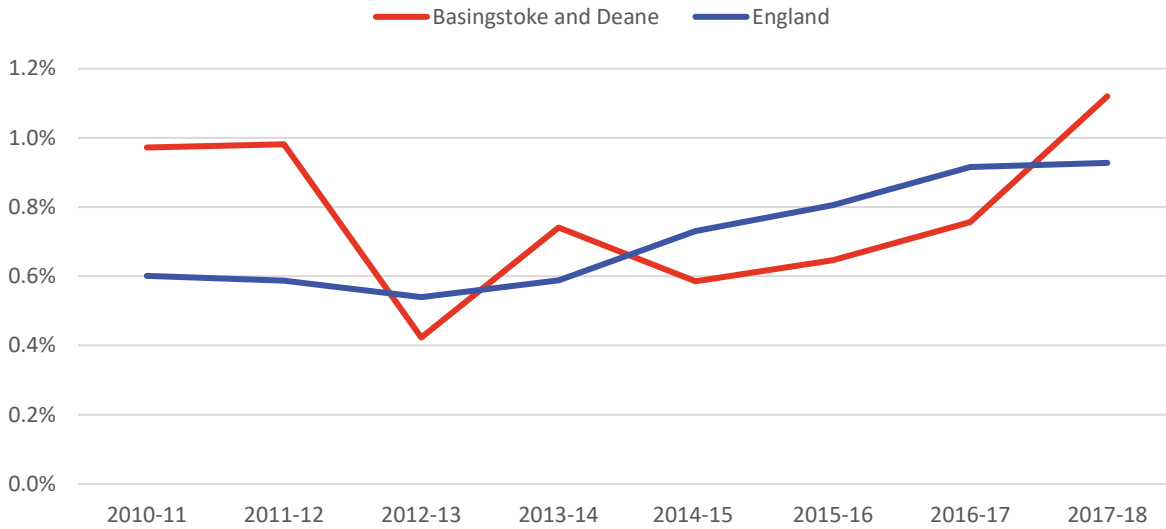

Source: MHCLG Live Table 122; MHCLG Live tables on Energy Performance of Buildings Certificates; Council Tax Base

This chart shows total supply for Basingstoke and Deane. The 'official' MHCLG supply figures for 2017-18 recorded 828 net new homes in total (including conversions and change of use, and after demolitions), and the Council Tax Base changed by +890 homes in the same period.

EPCs issued for new homes are used as a lead indicator of supply and can often be used to estimate net supply: 1,664 were recorded in the 2018 calendar year in Basingstoke and Deane.

2. Availability

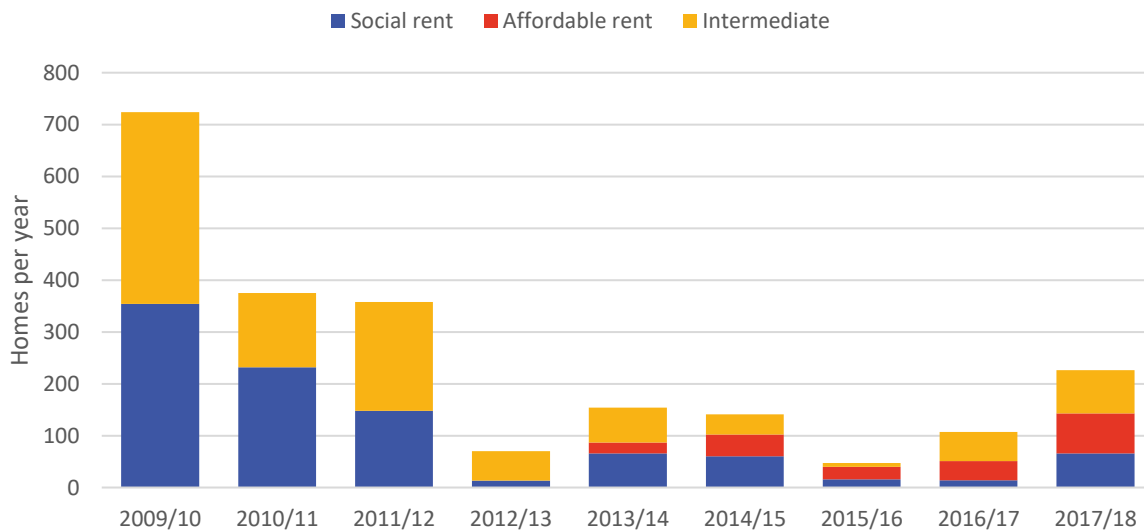

Net additions as % of stock

Source: MHCLG Live Tables 100 and 122

The net new supply in Basingstoke and Deane increased the existing housing stock by 1.1% in 2017/18. This is higher than the England average of 0.9%, suggesting the level of local supply is unlikely to be a significant issue. Note that the Government's national target of 300,000 homes per year is equivalent to 1.3%.

Affordable delivery

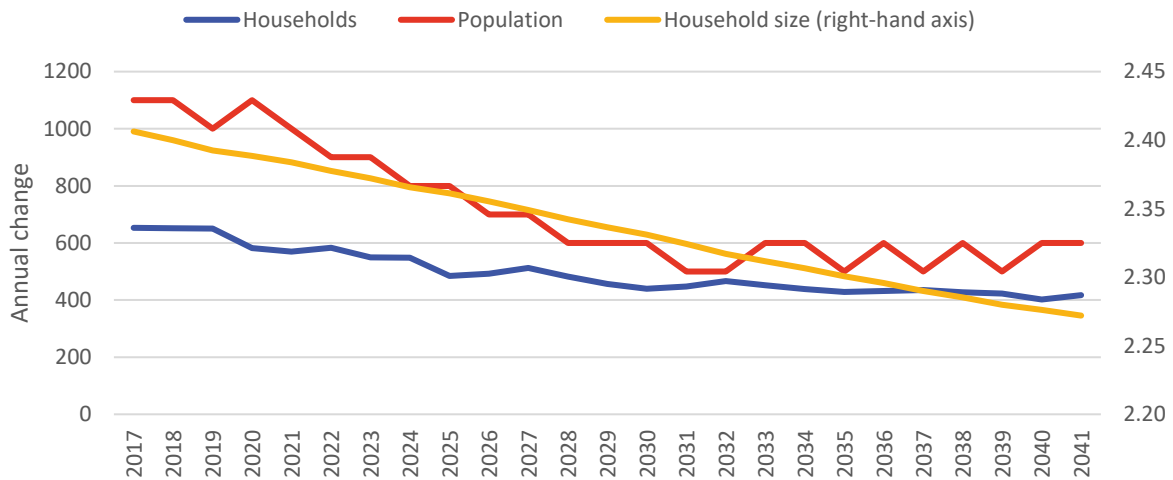

Source: MHCLG Live Tables 1006C, 1006aC and 1007C

The previous analysis in this section covers delivery of all tenures / by all types of developer. This chart shows only delivery of affordable housing. In Basingstoke and Deane 226 new affordable homes were completed in 2017/18: 66 for social rent, 77 for affordable rent and 83 intermediate affordable homes.

2. Availability

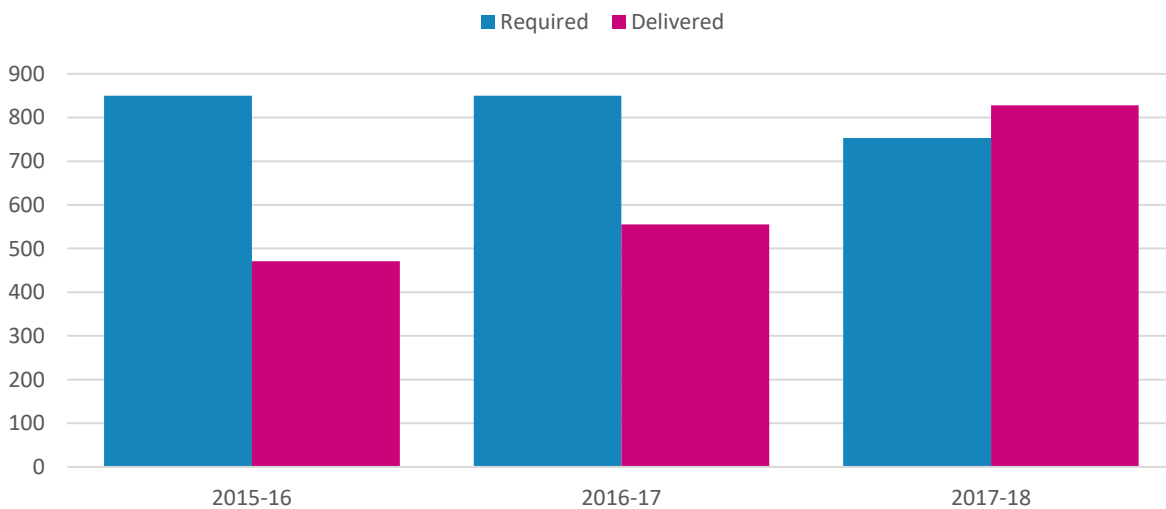

Household and population projections

Source: ONS 2016-based Sub-national Population and Household Projections

Population growth in Basingstoke and Deane is set to average 673 people per year from 2020 to 2041, with projected average annual household growth of 476 households over the same period. The average household size in 2020 is projected to be 2.39, and 2.27 in 2041.

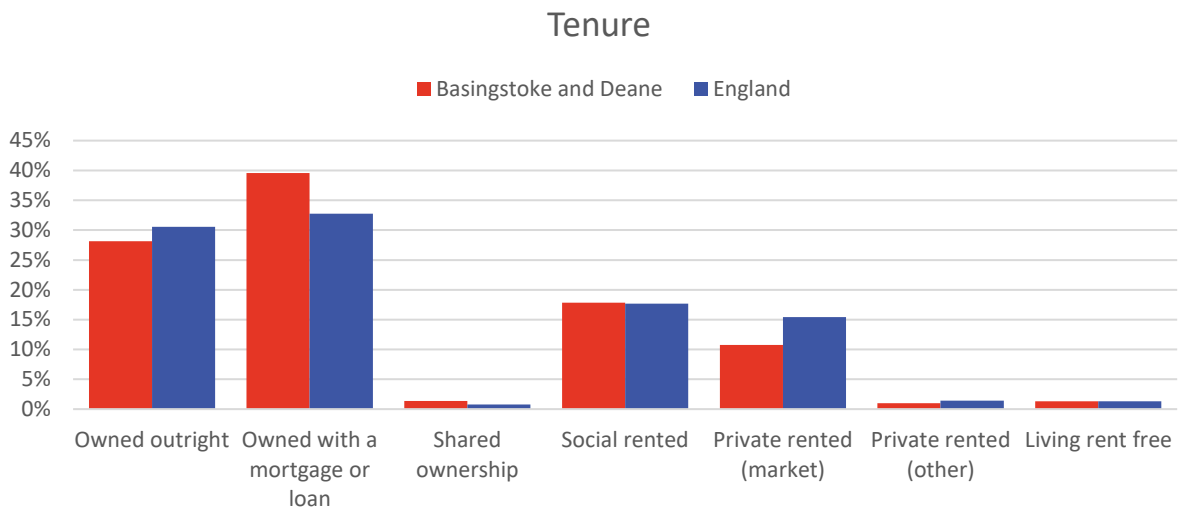

Housing delivery test

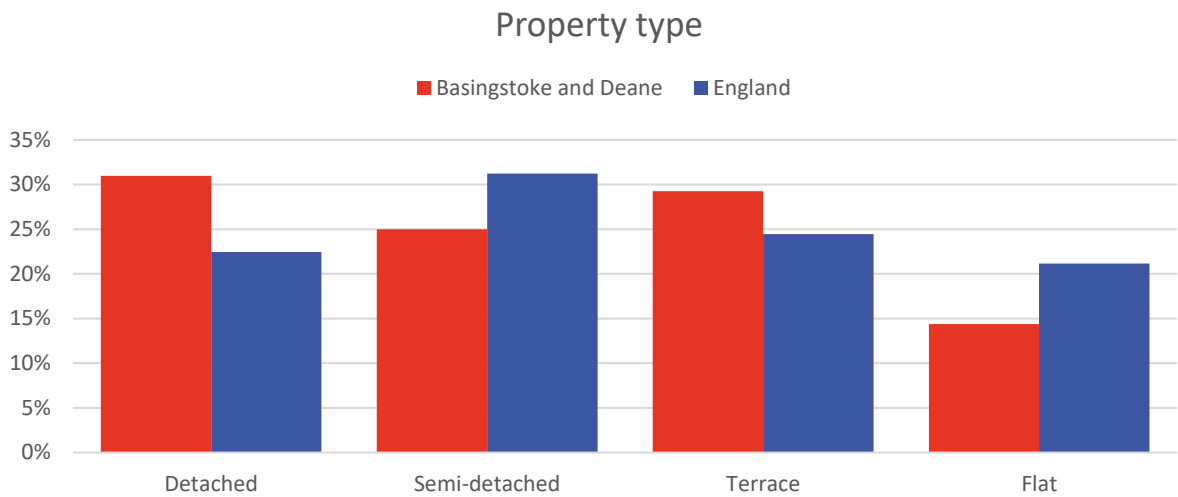

Source: MHCLG Housing Delivery Test 2018 Measurement

The most recent figures show that Basingstoke and Deane delivered fewer new homes than required by the MHCLG Housing Delivery Test. 1,854 net new homes were supplied over the past three full years, compared with the 2,453 required. The result of the test is that an additional buffer is added to future land supply requirements.

Source: 2011 Census

These three charts show property characteristics for Basingstoke and Deane from the 2011 Census, compared to the national averages.

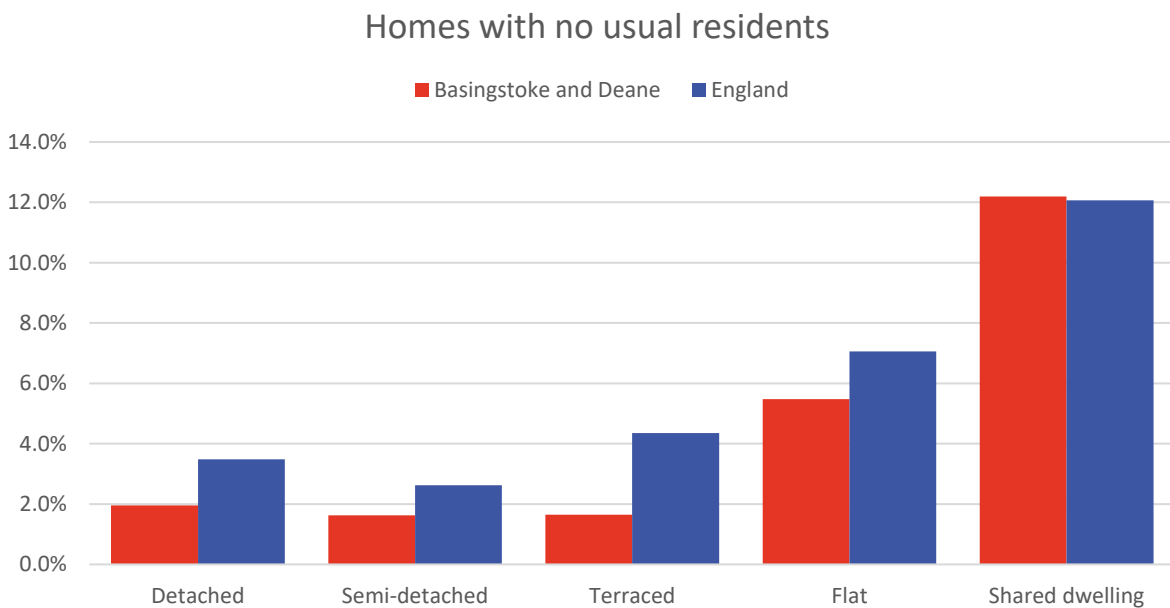

2. Availability

Source: HM Land Registry Price Paid Data

Turnover in Basingstoke and Deane was 4.8% in 2017 (the latest year with full data). This is significantly lower than the average before the global financial crisis (turnover from 2001-05 averaged 7.0%). For comparison turnover in England was 4.4% in 2017.

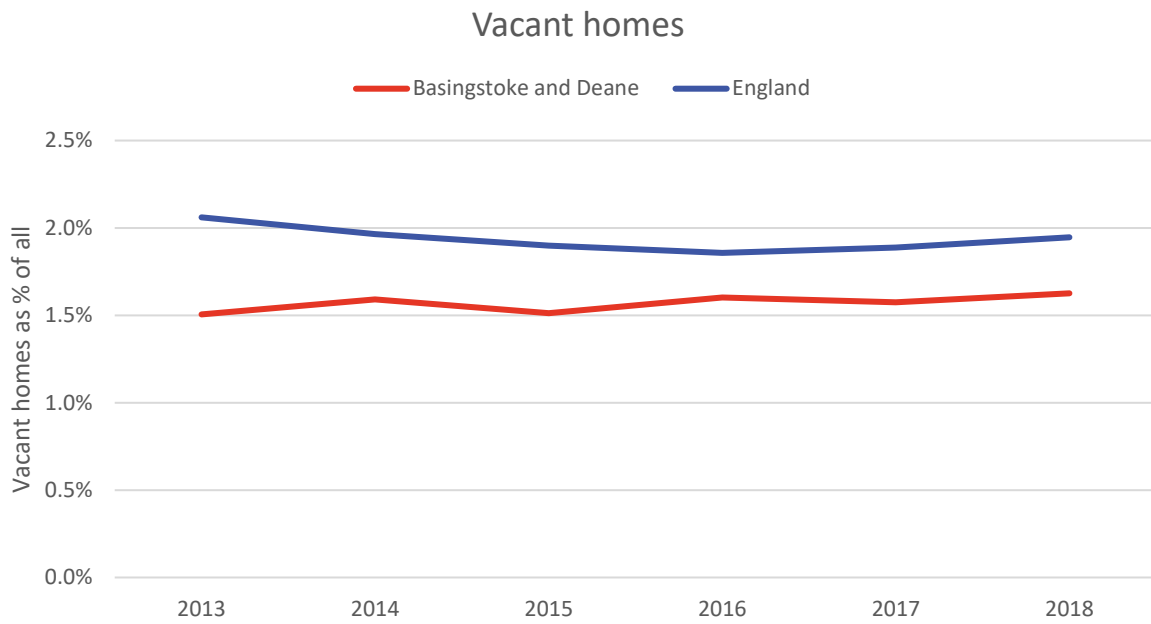

Note that the above analysis includes both standard Land Registry 'A' data and additional 'B' data (which covers repossessions, mortgaged buy-to-let and corporate transactions). In Basingstoke and Deane in 2017 there were 129 'B' sales, 4.4% of the total.

Source: 2011 Census

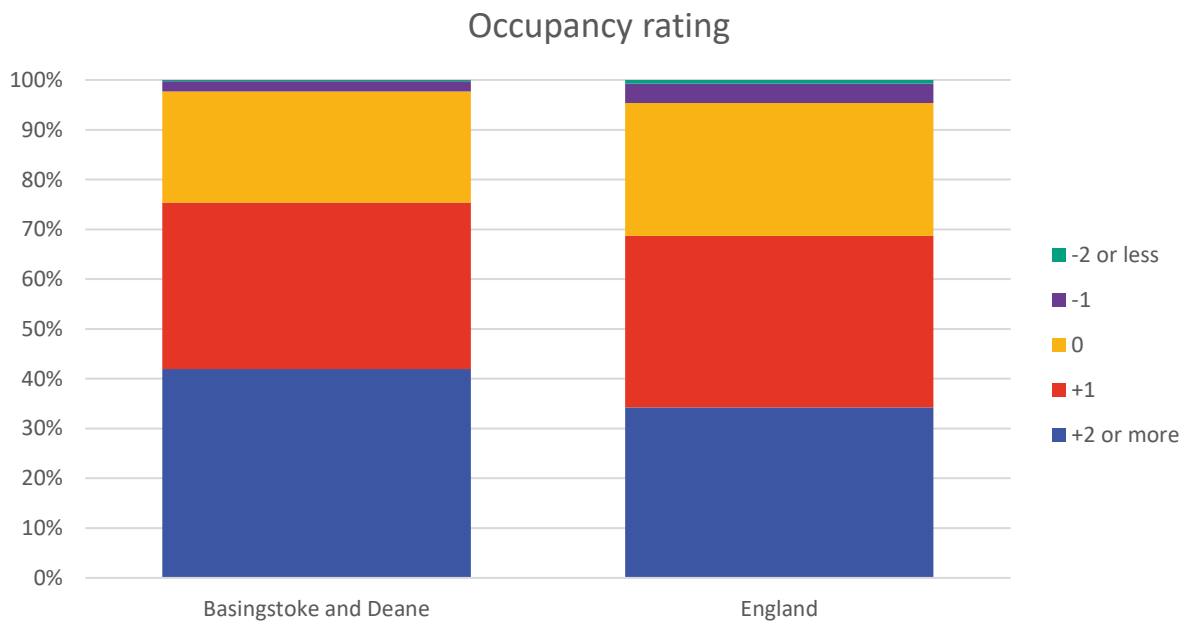

The proportion of homes with no usual residents in Basingstoke and Deane was 2.3% according to the 2011 Census. This level is significantly lower than the England average of 4.3%.

2. Availability

Source: Council Tax Base

1.6% of residential properties in Basingstoke and Deane were recorded as vacant in 2018 according to Council Tax Base data. This is lower than the England average, suggesting high levels of vacant homes are unlikely to be a significant problem.

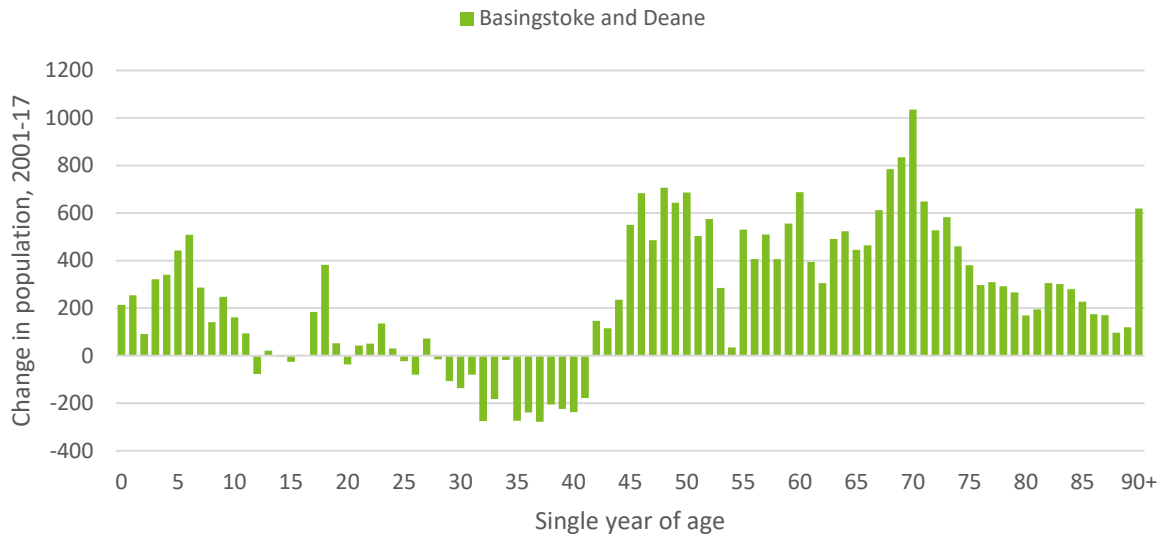

Source: 2011 Census

42.0% of homes in Basingstoke and Deane had two or more spare bedroom, according to the 2011 Census. This is higher than the England average, suggesting the distribution of housing is likely to be a problem.

2. Availability

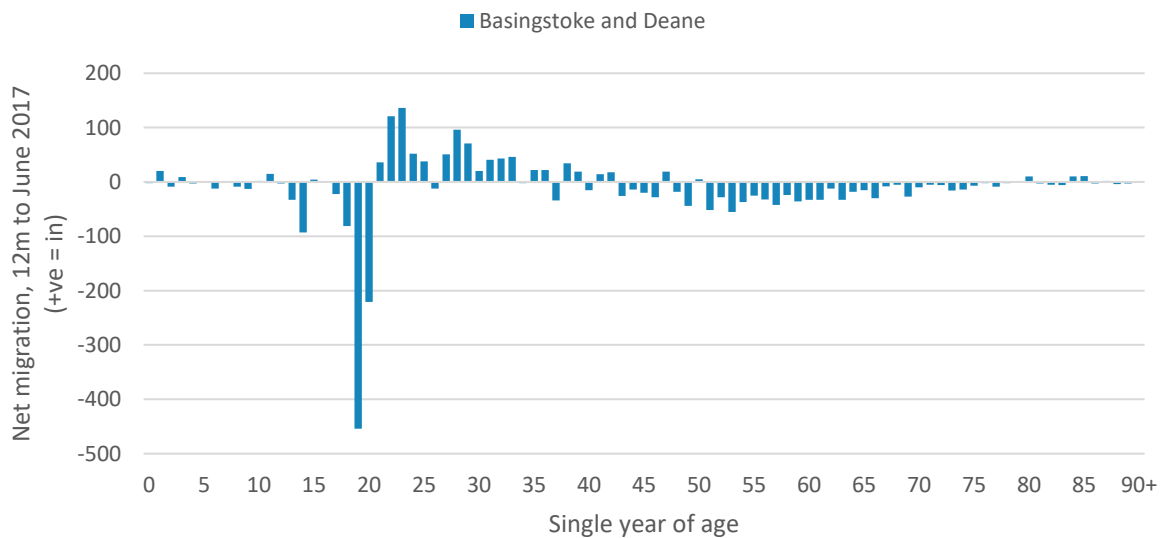

Population change by age, 2001-17

Source: ONS Population Estimates

Overall, the population of Basingstoke and Deane grew between 2001 and 2017, changing by +14.7%. Overall growth at national level over the same period was +12.5%. By age, the largest single contribution to growth was from 70 year olds.

Net migration by age

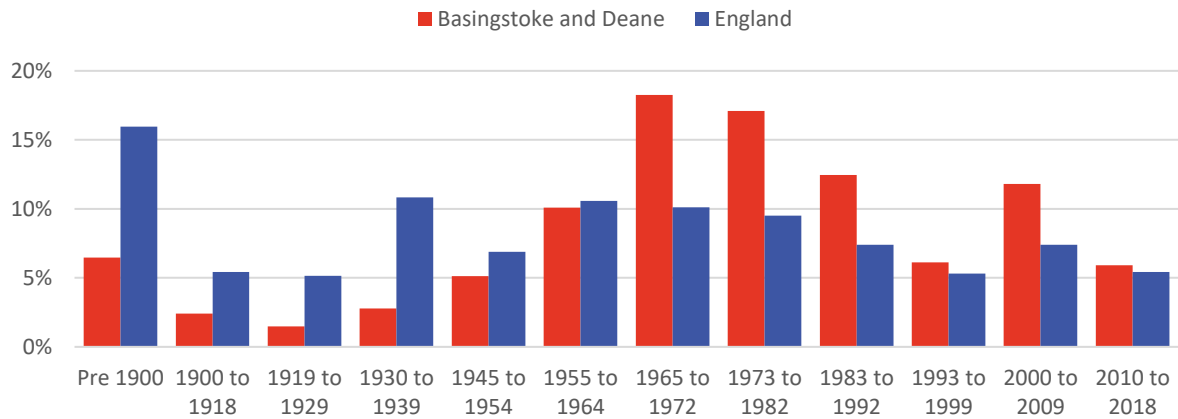

Source: ONS Local Area Migration Indicators

The overall population in Basingstoke and Deane changed by -0.4% due to migration in the 12 months to June 2017: -0.5% from domestic sources and +0.1% from international. By age, the largest single contribution to growth was from 23 year olds.

These three charts show property characteristics for Basingstoke and Deane from the 2018 Council Tax Base, compared to the national averages.

3. Suitability

Source: 2015 Indices of Multiple Deprivation

5% of the LSOAs in Basingstoke and Deane are in the three most deprived deciles, based on the 2015 indices of multiple deprivation. This suggests it is an area of very low relative deprivation (the national average is 30%).

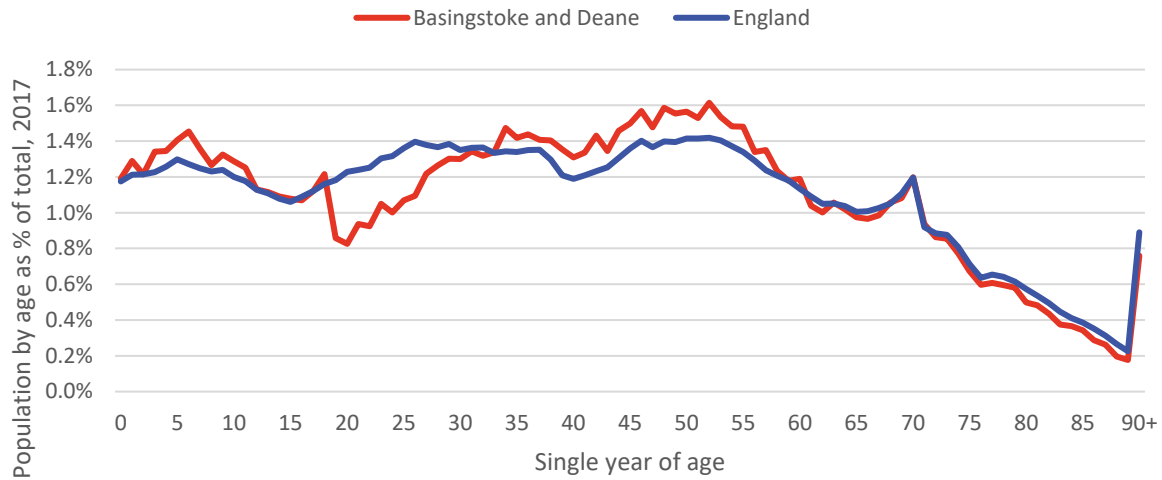

Source: Annual Population Survey (Headline estimates of personal well-being)

Residents of Basingstoke and Deane scored their life satisfaction at 8.09 out of 10 on average in 2017/18, compared to the England average of 7.68. The corresponding figures for 2011/12 were 7.53 and 7.41 respectively.

Over all four categories combined, local people have significantly higher than average levels of well-being in 2017/18, compared to the national figures.

3. Suitability

Population structure

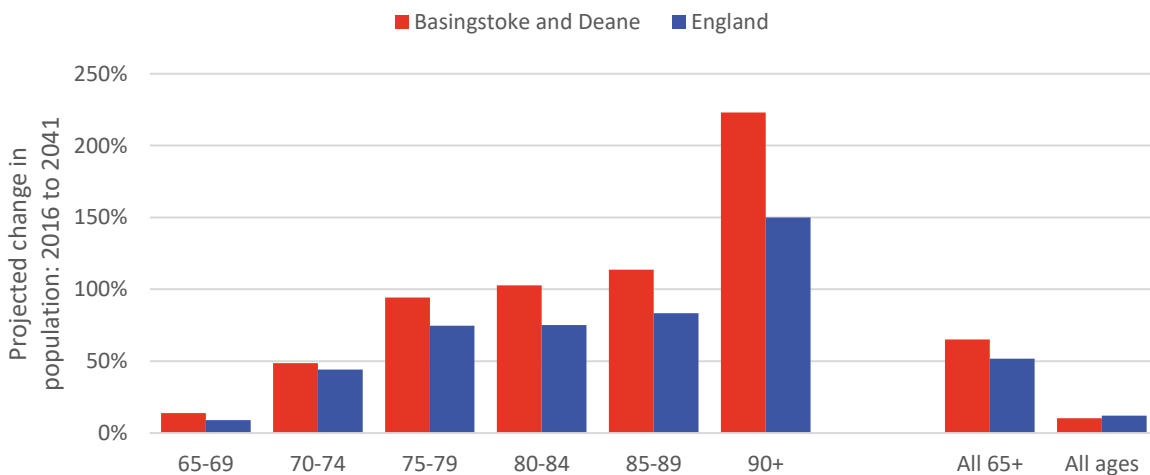

Source: ONS Population Estimates

The population structure of Basingstoke and Deane comprised 6.8% aged 18 to 24, 53.9% aged 25 to 64, and 16.9% aged 65 and over in 2017. The corresponding figures for England were 8.7%, 51.9% and 18.0%.

This suggests that the local population may include a lower than average level of students, along with an average level of older people.

Population growth: older people

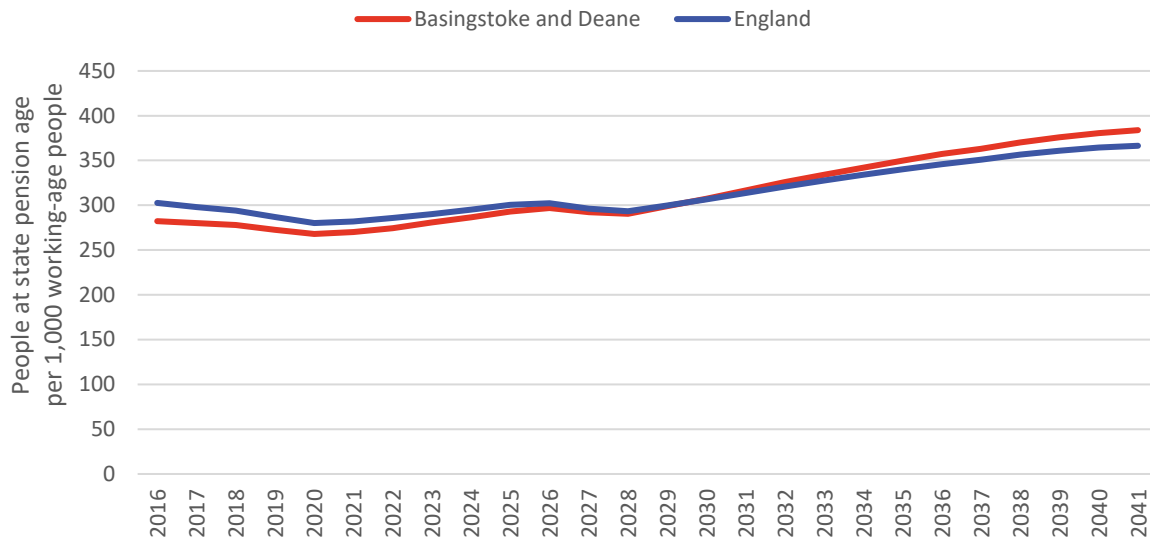

Source: ONS 2016-based Population Projections

The 65 and over population of Basingstoke and Deane is expected to grow by 65.1% from 2017 to 2041, according to the latest ONS population projections. This is compared to an overall population change of +10.3%. The corresponding national figures are growth of 51.7% and 12.1% respectively.

3. Suitability

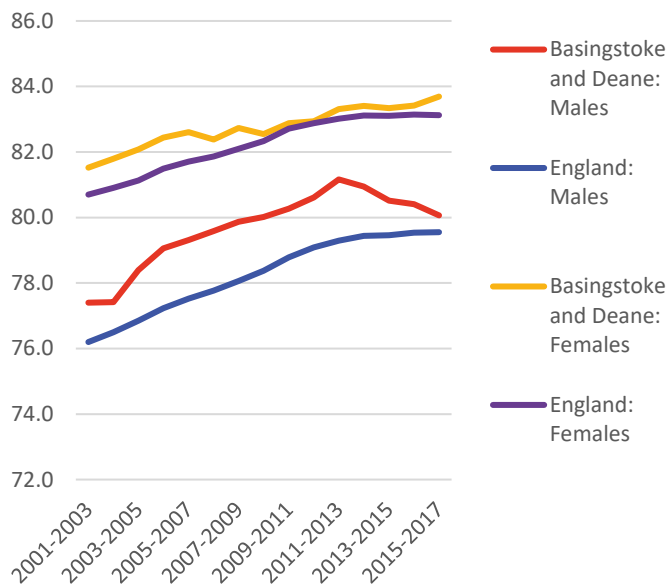

Old age dependency ratio

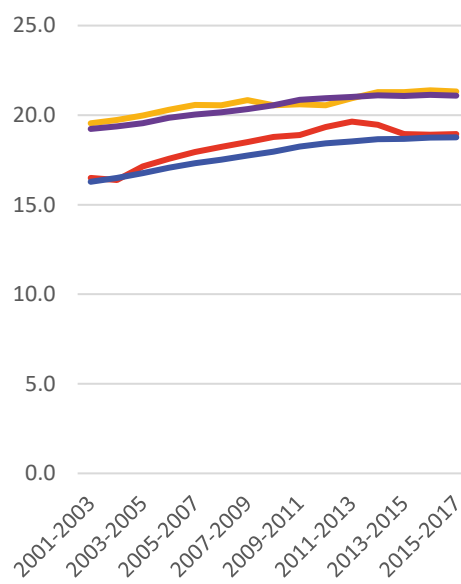

Source: ONS Old Age Dependency Ratios

In Basingstoke and Deane in 2019 there are expected to be 272.7 people of state pension age for every 1,000 working-age people, compared to an average of 286.8 at national level. By 2041 these rates are projected to reach 383.9 and 366.4 respectively.

Life expectancy at birth

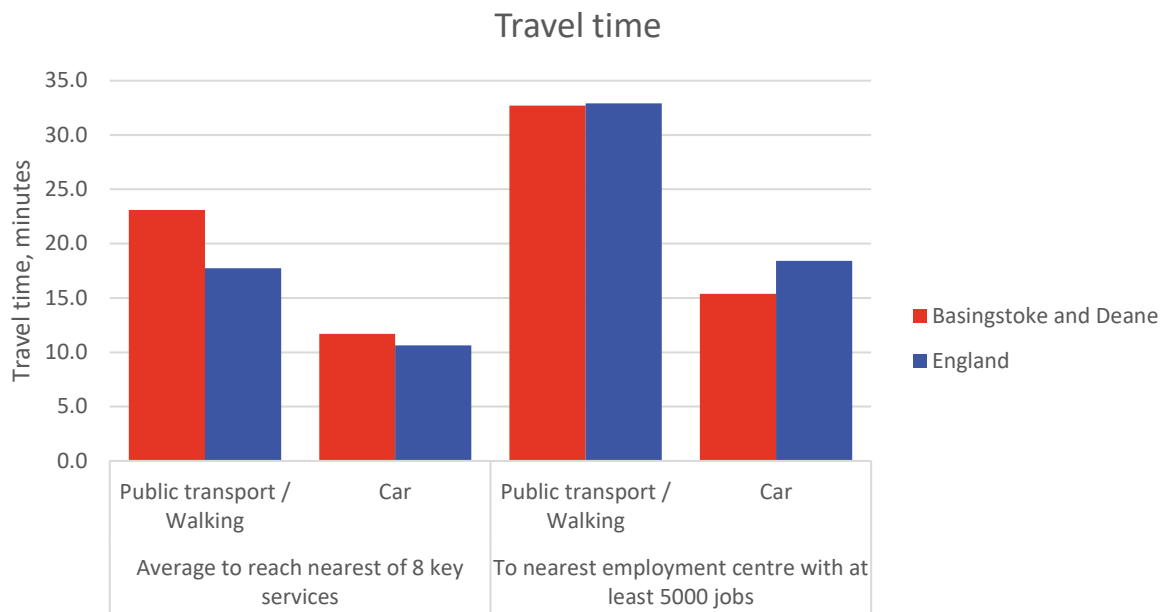

Life expectancy at age 65

Source: ONS Life expectancy at birth and age 65

The average life expectancy for people born in 2015-17 in Basingstoke and Deane is 80.1 years for men and 83.7 years for women. The equivalent national figures are 79.6 and 83.1 respectively.

3. Suitability

Source: DfT Journey Time Statistics

Basingstoke and Deane has well below average public transport connectivity compared to the national figures, with an average travel time to reach the nearest 8 key services of 23.1 minutes (England average = 17.7).
