

Maldon

1. Affordability

Average house prices

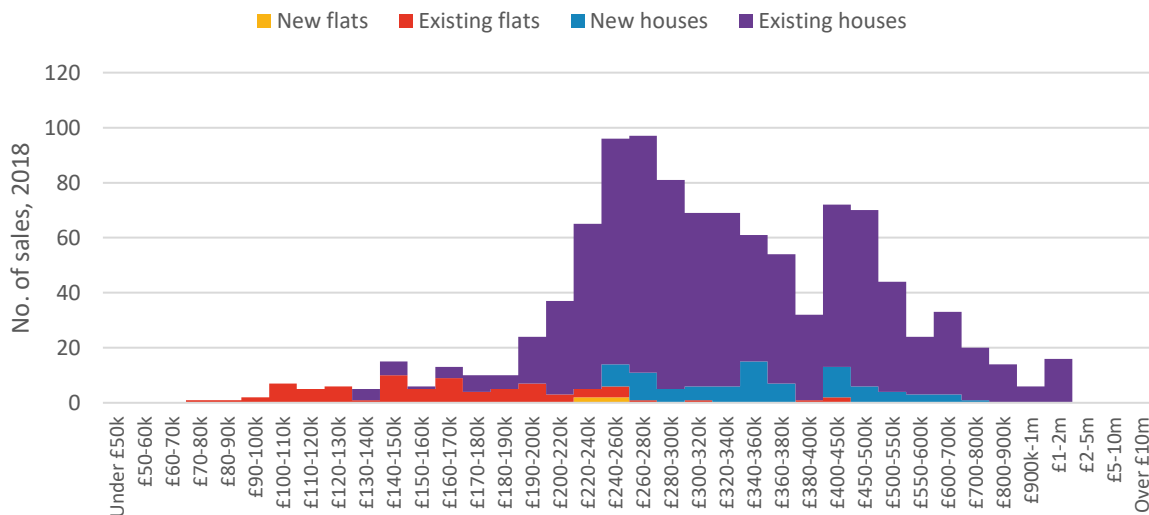

Source: HM Land Registry Price Paid Data

The average house price in Maldon in 2018 was £337,000. The median ratio of house prices to local earnings is 10.0. This is higher than the England average of 8.0, suggesting high house prices are likely to be an issue.

According to 2016 ONS data, the average price per square metre was £2,916 with the average price per bedroom £66,768 - the corresponding national average figures were £2,463 and £55,087.

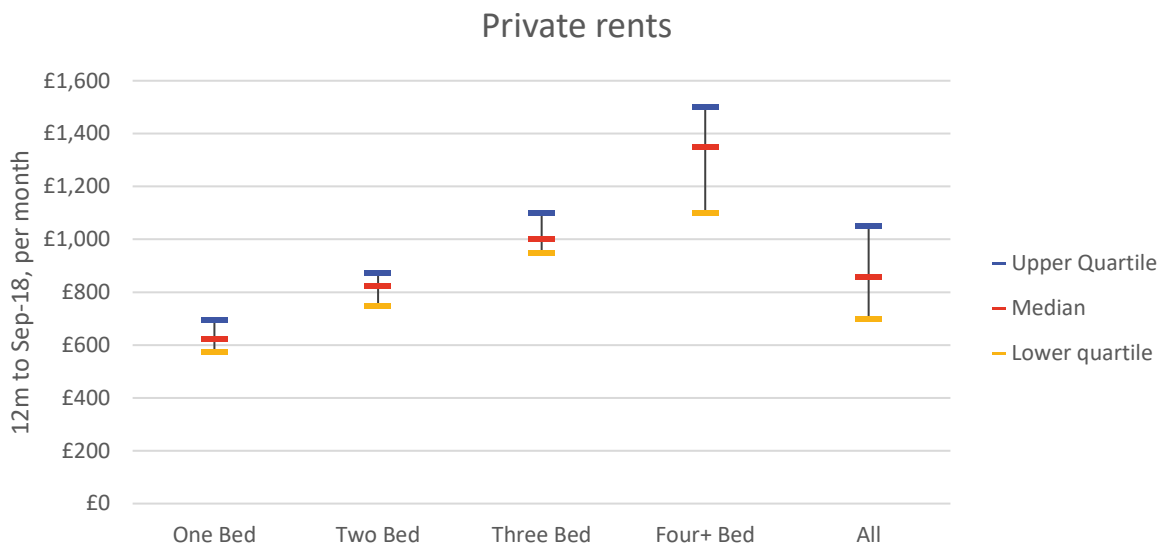

Sales distribution by house price

Source: HM Land Registry Price Paid Data

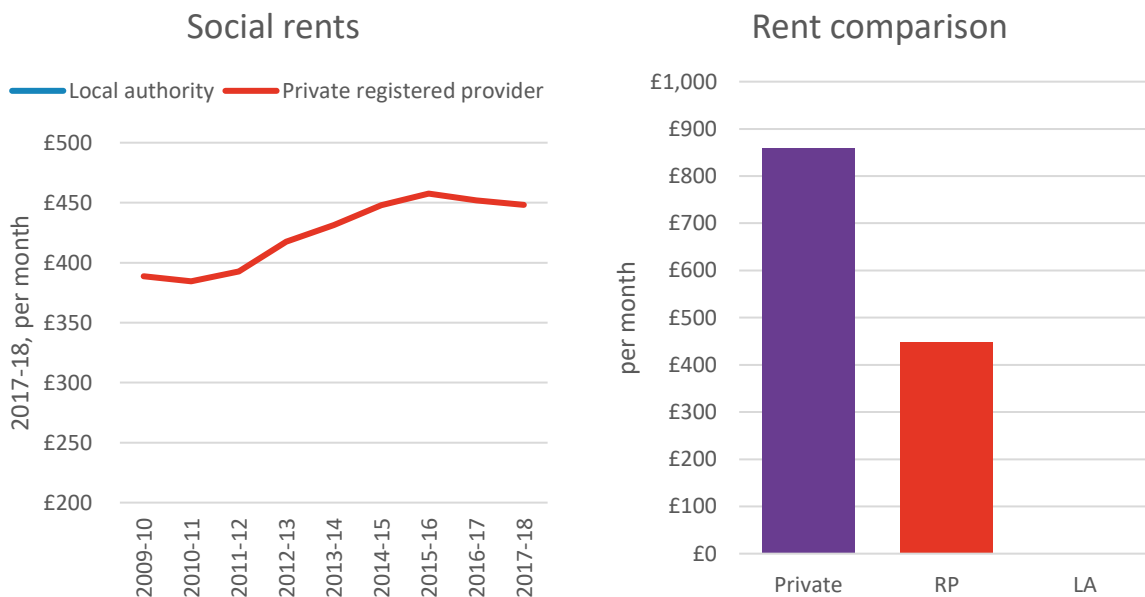

New homes made up 8.3% of the total 1,065 sales recorded by the Land Registry in 2018. 7.7% of total sales were flats, and 45.2% were under £300,000. By comparison, 66.0% of transactions nationally were under £300,000.

1. Affordability

Source: VOA Private Rental Market Statistics

Private rents in Maldon in the 12 months to September 2018 ranged from £575 per month for a lower quartile one bed to £1,500 for an upper quartile four (or more) bed property. The overall median private rent was £858, which is higher than the England average of £690, suggesting high private rents are likely to be a problem.

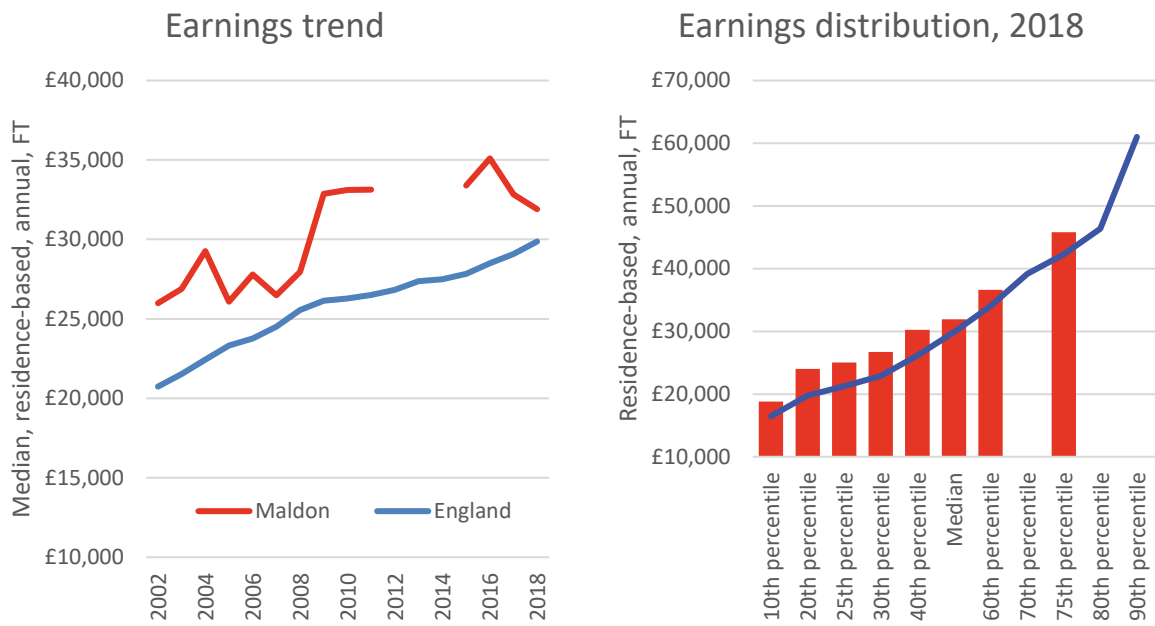

Source: MHCLG Live Tables on Rents, Lettings and Tenancies; VOA Private Rental Market Statistics

Social rents are approximately 52% of private rents in Maldon. Average social rents have increased 7.4% over the past five years, compared with 9.3% at national level.

Note: Social rents based on simple average of RP and local authority stock, or RPs only where no local authority stock (e.g. LSVT).

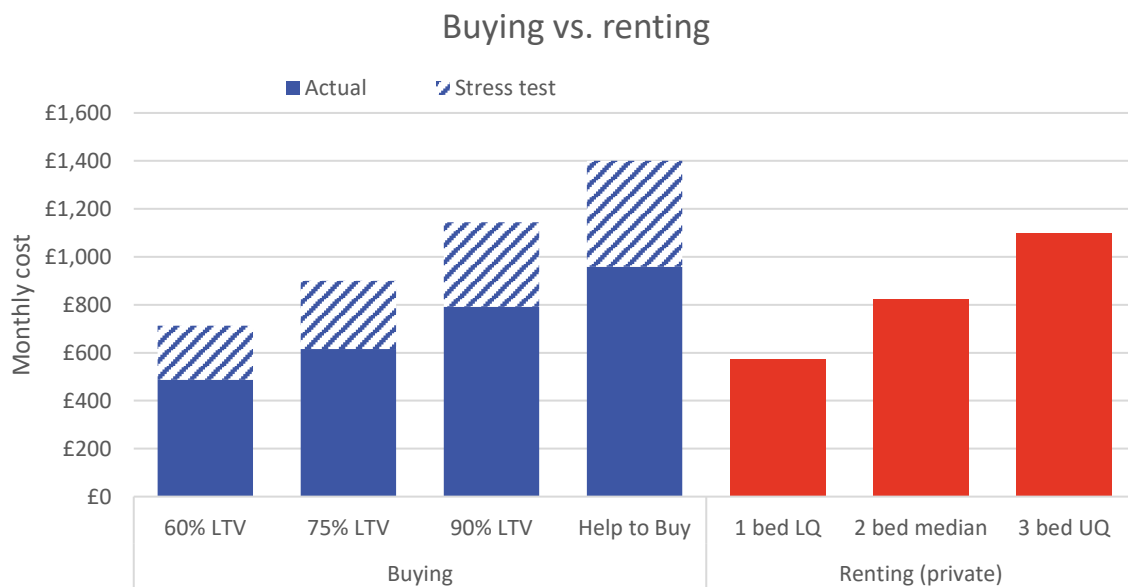

1. Affordability

Source: ONS Annual Survey of Hours and Earnings

The median full-time earnings in Maldon were £31,909 in 2018, compared to £29,869 in England. Half of local full-time workers earn between the lower quartile of £25,013 and the upper quartile of £45,823, compared to national figures of £21,273 and £42,285.

NOTE: Earnings estimated due to incomplete survey data.

This chart shows a simple comparison of initial mortgage costs and rents for a range of scenarios to represent potential FTB decisions.

Note: Buying scenarios based on average terraced house value (flat in London), lower of £600k (HTB limit) or average new build for HTB, and includes +3% mortgage rate stress test.

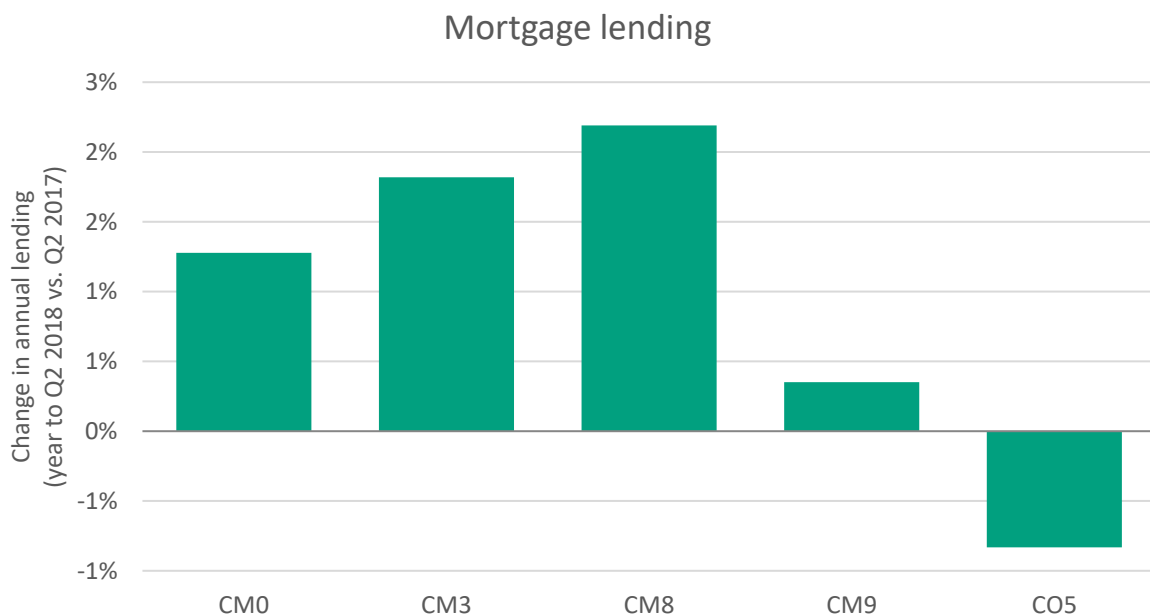

1. Affordability

Source: HM Land Registry UK House Price Index

House prices in Maldon in December 2018 are higher than their 2007/08 peak by 39.4%, compared with England at +27.3%. This suggests that rapid house price growth through the current cycle is likely to be a significant local problem. Values in 2018 increased by 0.9% annually.

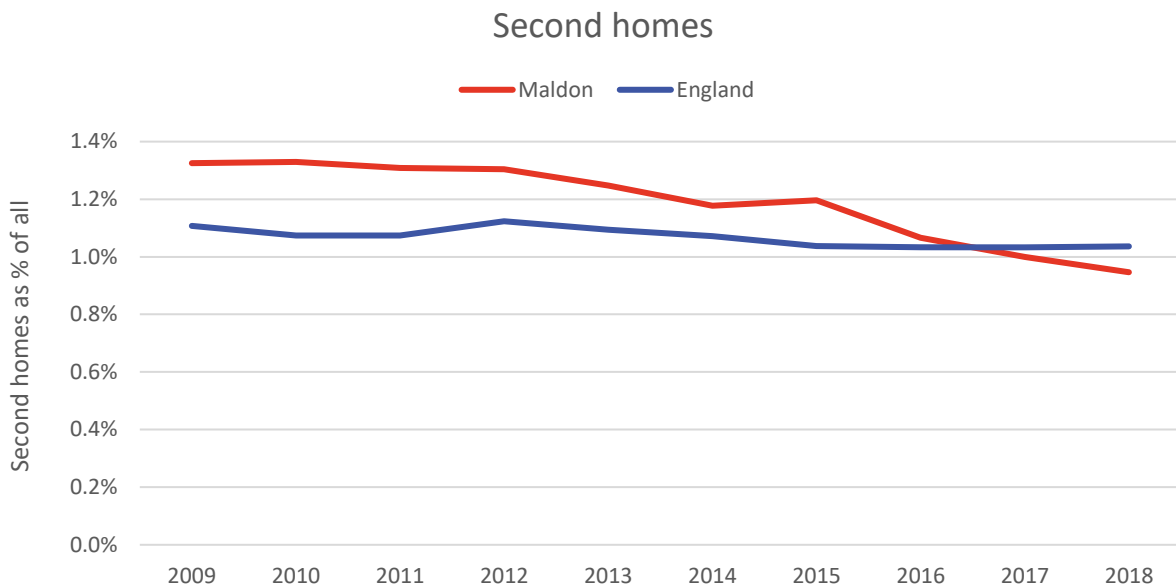

An indicative rental yield (based on ave 2 bed rent vs. ave flat sales value) for Maldon is 6.1%, compared with 3.4% nationally.

Source: UK Finance

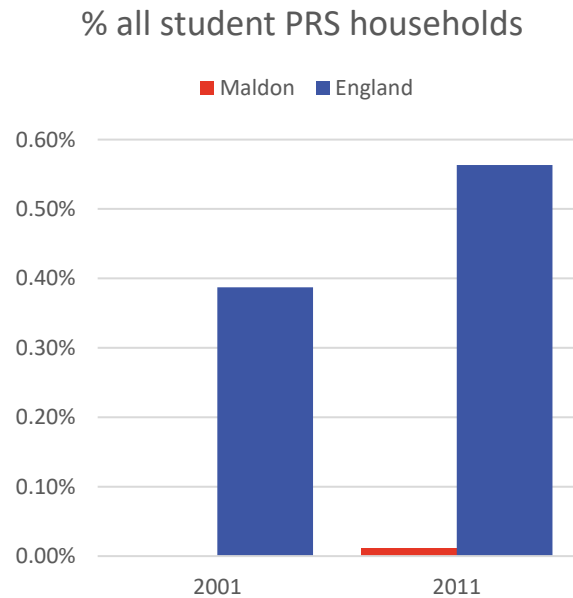

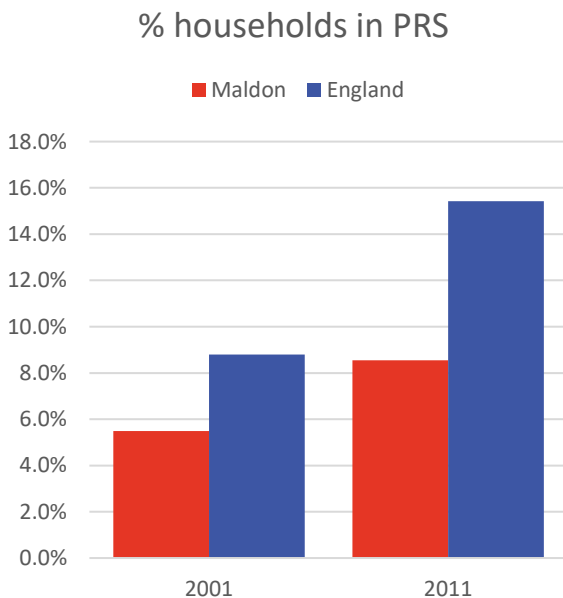

This chart shows the change in mortgage lending across the postcode districts in Maldon. The total volume of lending in the 12 months to Q2 2018 was £3,175 million, compared with £3,139 million a year earlier, a change of +1.2%.

1. Affordability

Source: Council Tax Base

0.9% of residential properties in Maldon were recorded as second homes in 2018 according to Council Tax Base data. This is approximately the same as the England average, suggesting high levels of second home ownership may be an issue, though other sources should be considered.

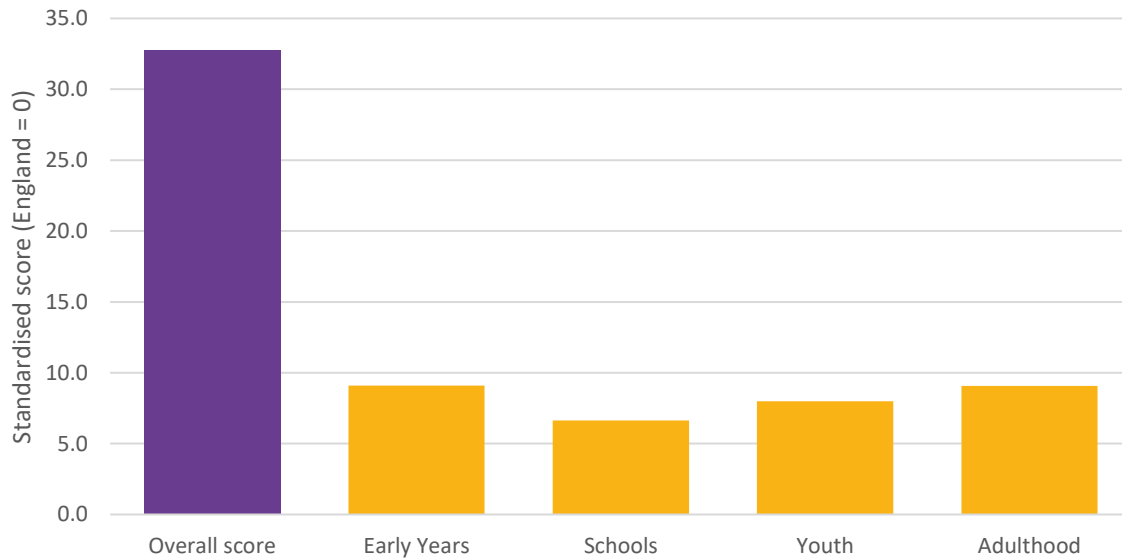

Source: 2001 and 2011 Census

8.6% of households in Maldon were rented privately according to the 2011 Census, compared to 5.5% in 2001. The England average changed from 8.8% to 15.4% over the same period.

0.1% of the PRS households in Maldon comprised only students in 2011, compared with 3.7% in England, suggesting students are not a significant part of the local PRS market.

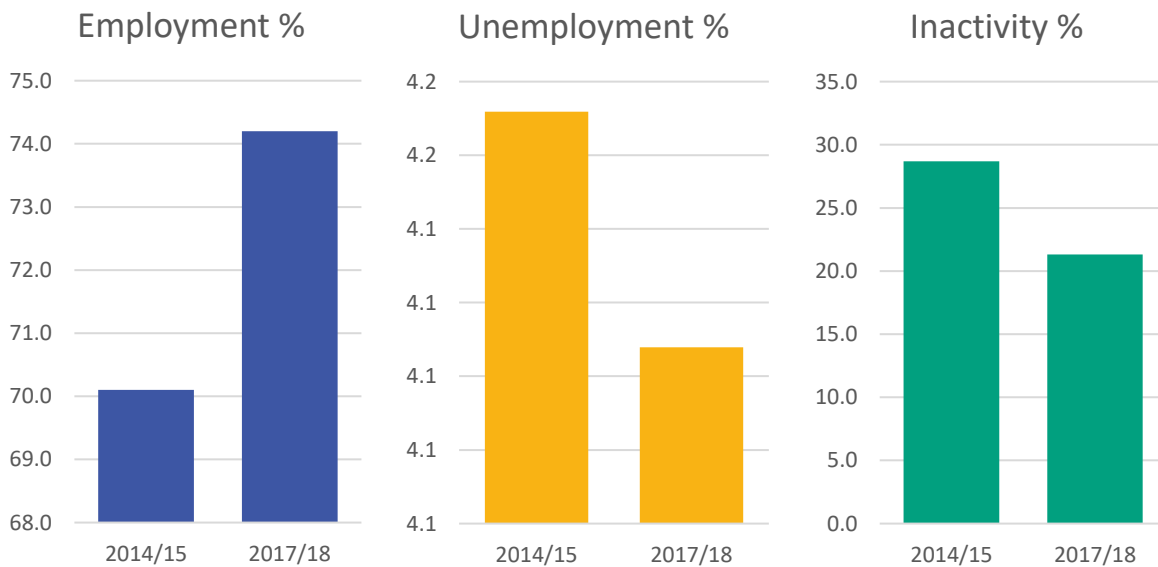

1. Affordability

Social mobility index

Source: Social Mobility Index

Maldon received an overall standardised score of 32.8 in the 2017 Social Mobility Index, compared to the England average of zero. Maldon ranks as 62/324 for overall score across all English local authorities for which data is available. Local house price affordability could be a further barrier to social mobility in this area.

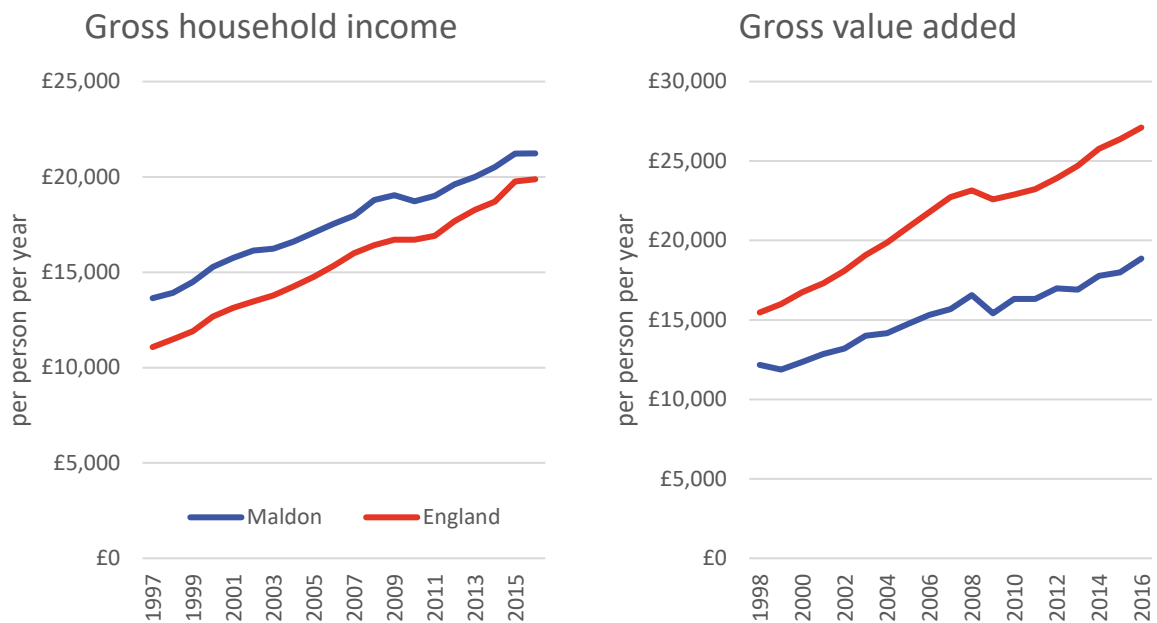

Source: ONS Local Labour Market Indicators

Employment in Maldon changed from 70.1% in 2014/15 to 74.2% in 2017/18; unemployment changed from 4.2% to 4.1%; and economic inactivity changed from 28.7% to 21.3%.

By comparison, employment in England changed from 73.6% in 2014/15 to 75.3% in 2017/18; unemployment changed from 5.3% to 4.2%; and economic inactivity changed from 22.2% to 21.3%.

1. Affordability

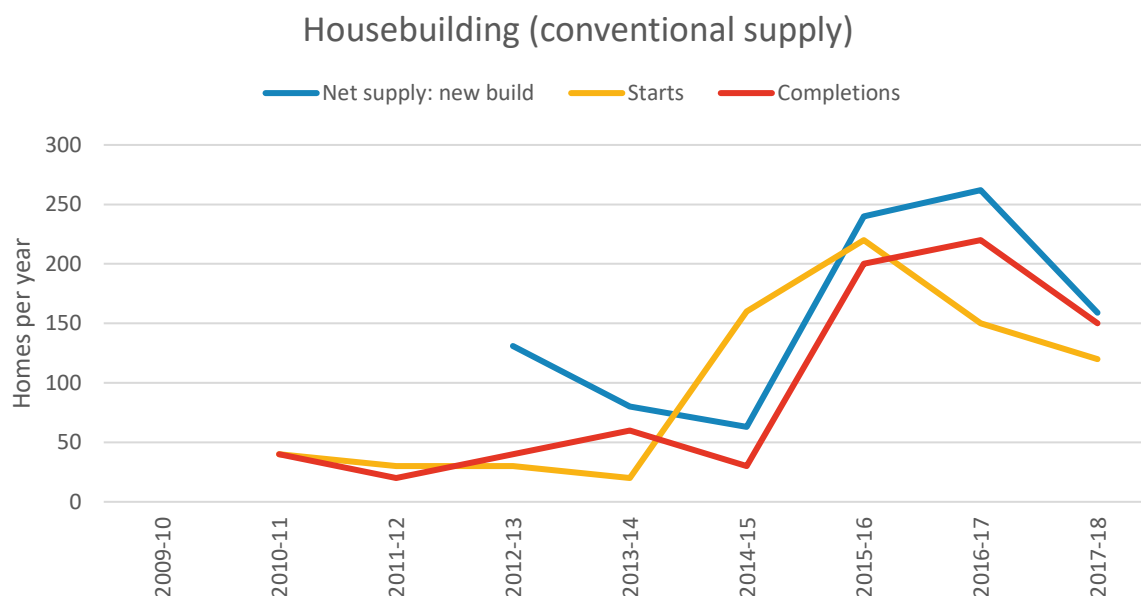

Source: ONS Regional Accounts

Gross domestic household income in Maldon was £21,234 per person per year in 2016, compared with £17,545 in 2006. By comparison the figure for England changed from £15,349 to £19,878 over the same period. Based on this measure, Maldon is an area of typical affluence.

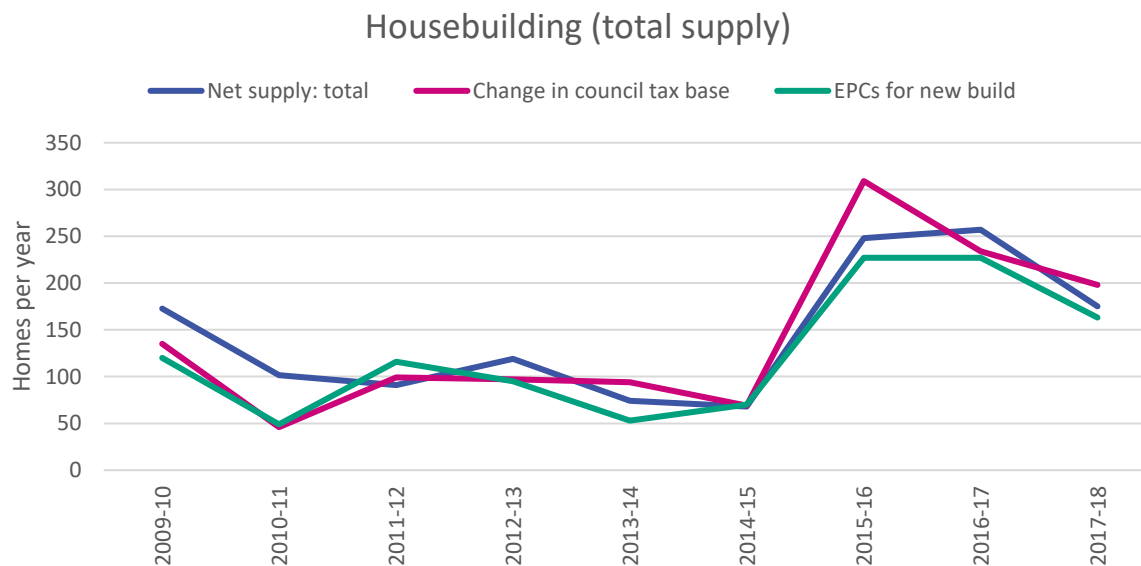

Gross value added at district level was £18,863 per person per year in 2016, compared with £15,318 a decade earlier. By comparison the figure for England changed from £21,773 to £27,108 over the same period.

2. Availability

Source: MHCLG Live Tables 253a and 122

The measures of 'conventional' housebuilding for Maldon are shown in this chart. The 'official' MHCLG supply figures for 2017-18 recorded 159 new build completions (excluding any conversions or change of use). Over the same period 150 completions were recorded in the 'unofficial' quarterly data, along with 120 starts.

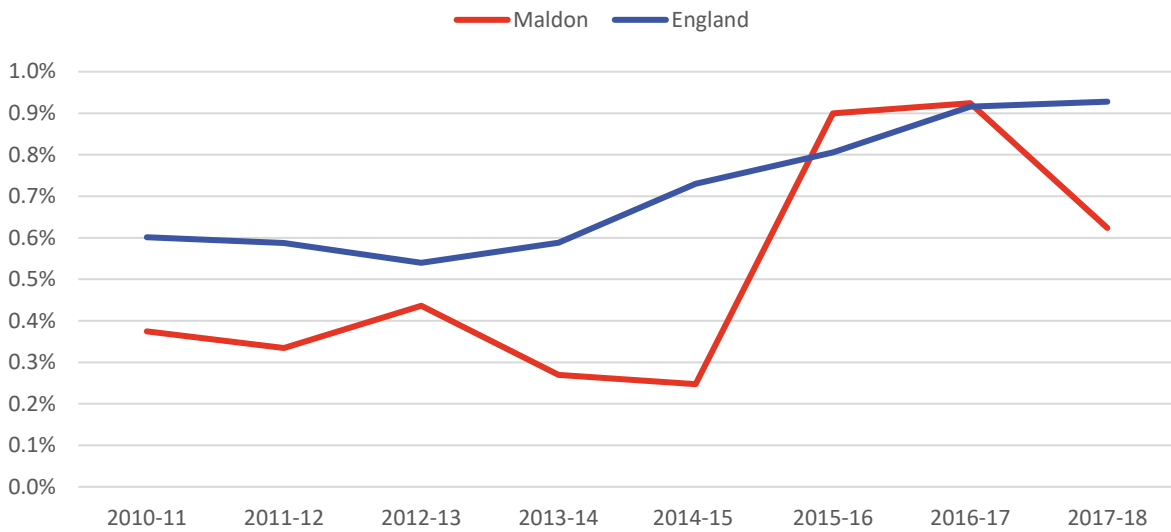

Source: MHCLG Live Table 122; MHCLG Live tables on Energy Performance of Buildings Certificates; Council Tax Base

This chart shows total supply for Maldon. The 'official' MHCLG supply figures for 2017-18 recorded 175 net new homes in total (including conversions and change of use, and after demolitions), and the Council Tax Base changed by +198 homes in the same period.

EPCs issued for new homes are used as a lead indicator of supply and can often be used to estimate net supply: 258 were recorded in the 2018 calendar year in Maldon.

2. Availability

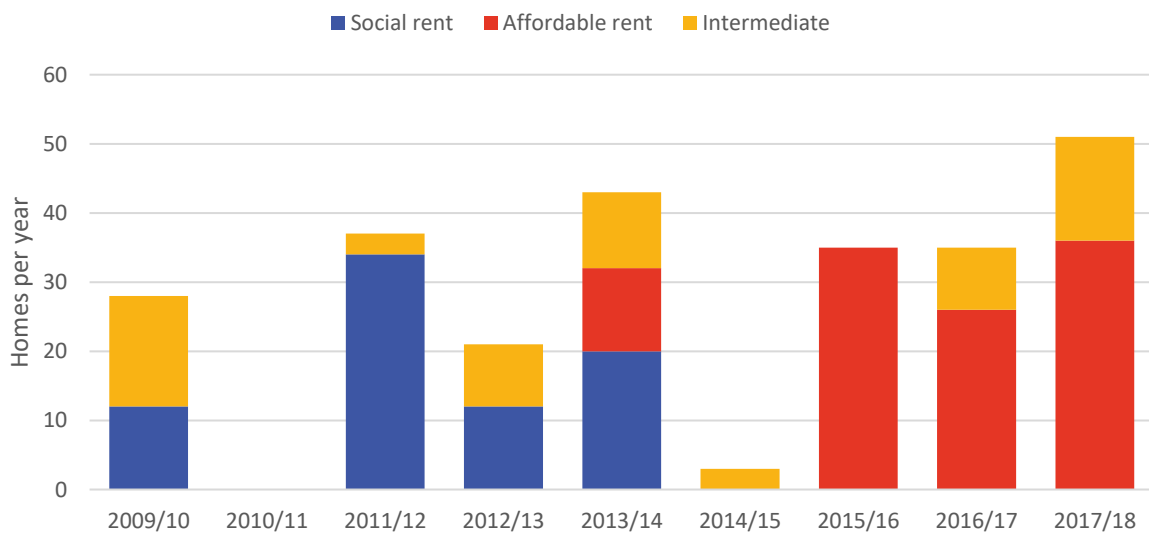

Net additions as % of stock

Source: MHCLG Live Tables 100 and 122

The net new supply in Maldon increased the existing housing stock by 0.6% in 2017/18. This is much lower than the England average of 0.9%, suggesting the level of local supply is likely to be a significant issue. Note that the Government's national target of 300,000 homes per year is equivalent to 1.3%.

Affordable delivery

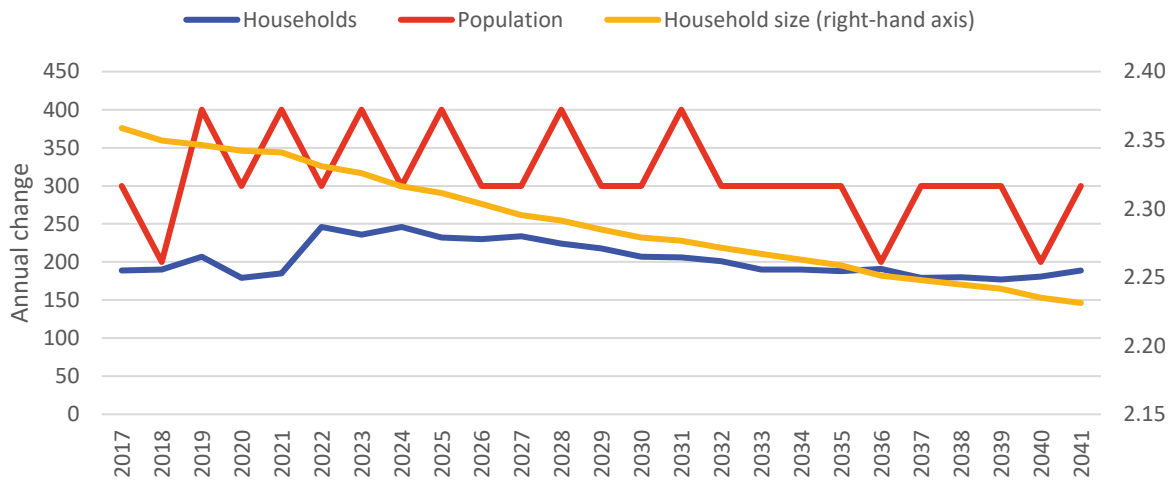

Source: MHCLG Live Tables 1006C, 1006aC and 1007C

The previous analysis in this section covers delivery of all tenures / by all types of developer. This chart shows only delivery of affordable housing. In Maldon 51 new affordable homes were completed in 2017/18: 0 for social rent, 36 for affordable rent and 15 intermediate affordable homes.

2. Availability

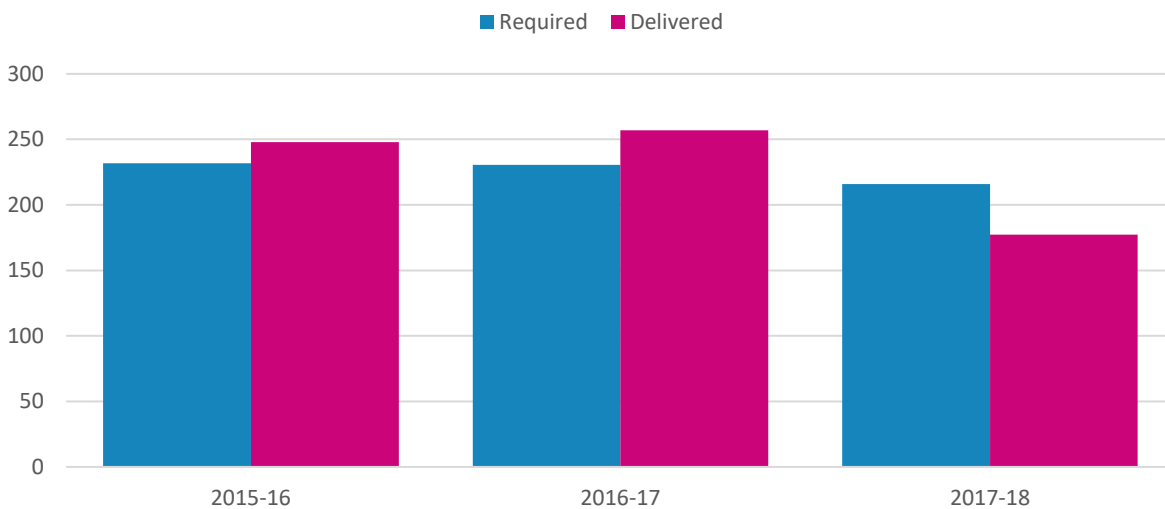

Household and population projections

Source: ONS 2016-based Sub-national Population and Household Projections

Population growth in Maldon is set to average 314 people per year from 2020 to 2041, with projected average annual household growth of 205 households over the same period. The average household size in 2020 is projected to be 2.34, and 2.23 in 2041.

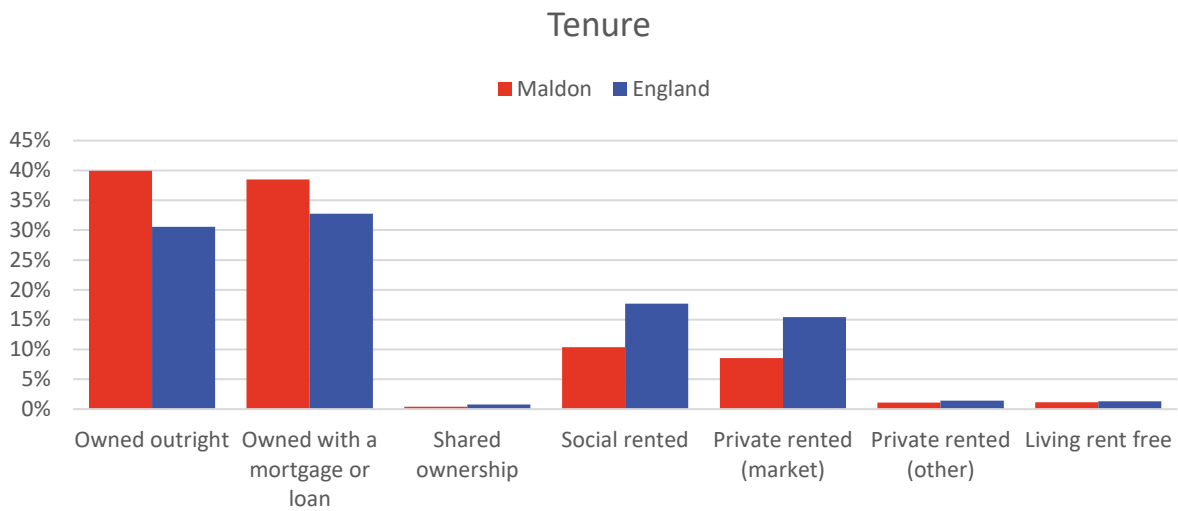

Housing delivery test

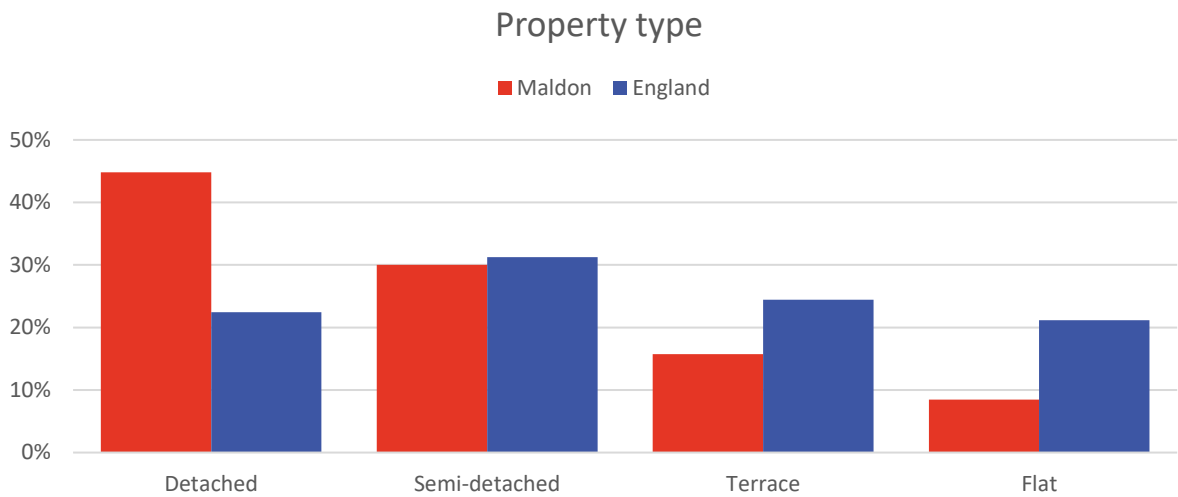

Source: MHCLG Housing Delivery Test 2018 Measurement

The most recent figures show that Maldon delivered new homes broadly in line with the numbers required by the MHCLG Housing Delivery Test. 682 net new homes were supplied over the past three full years, compared with the 678 required. The result of the test is that no action is required.

These three charts show property characteristics for Maldon from the 2011 Census, compared to the national averages.

2. Availability

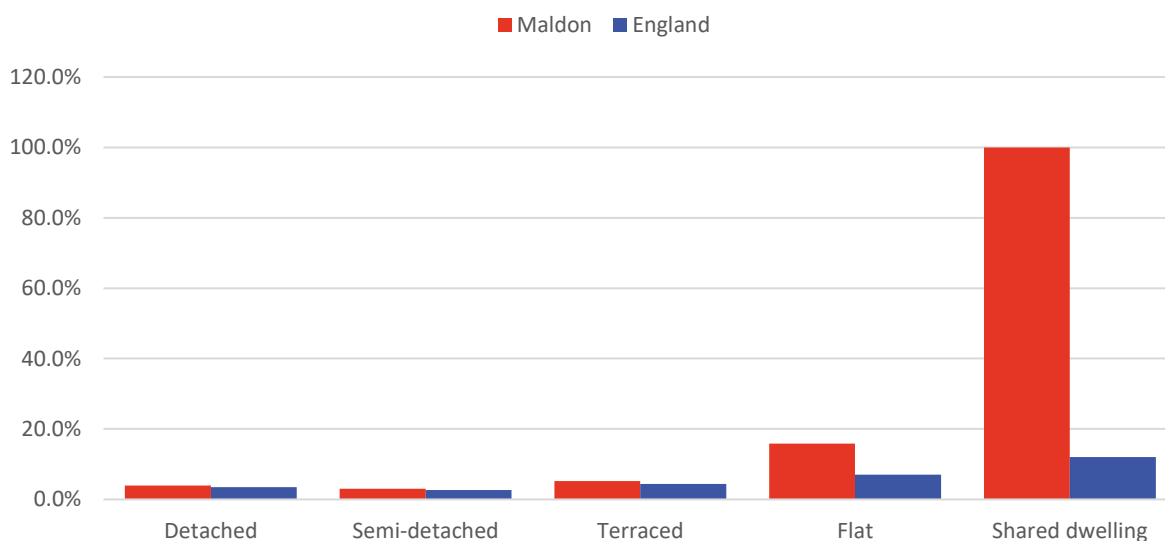

Source: HM Land Registry Price Paid Data

Turnover in Maldon was 4.3% in 2017 (the latest year with full data). This is significantly lower than the average before the global financial crisis (turnover from 2001-05 averaged 6.0%). For comparison turnover in England was 4.4% in 2017.

Note that the above analysis includes both standard Land Registry 'A' data and additional 'B' data (which covers repossessions, mortgaged buy-to-let and corporate transactions). In Maldon in 2017 there were 54 'B' sales, 5.0% of the total.

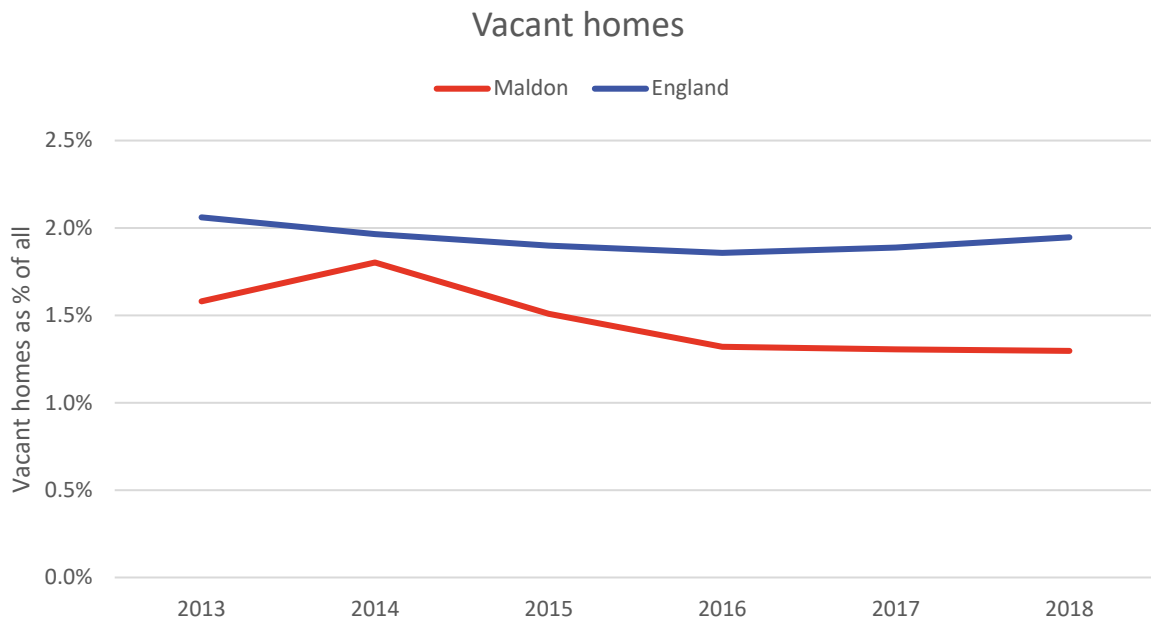

Homes with no usual residents

Source: 2011 Census

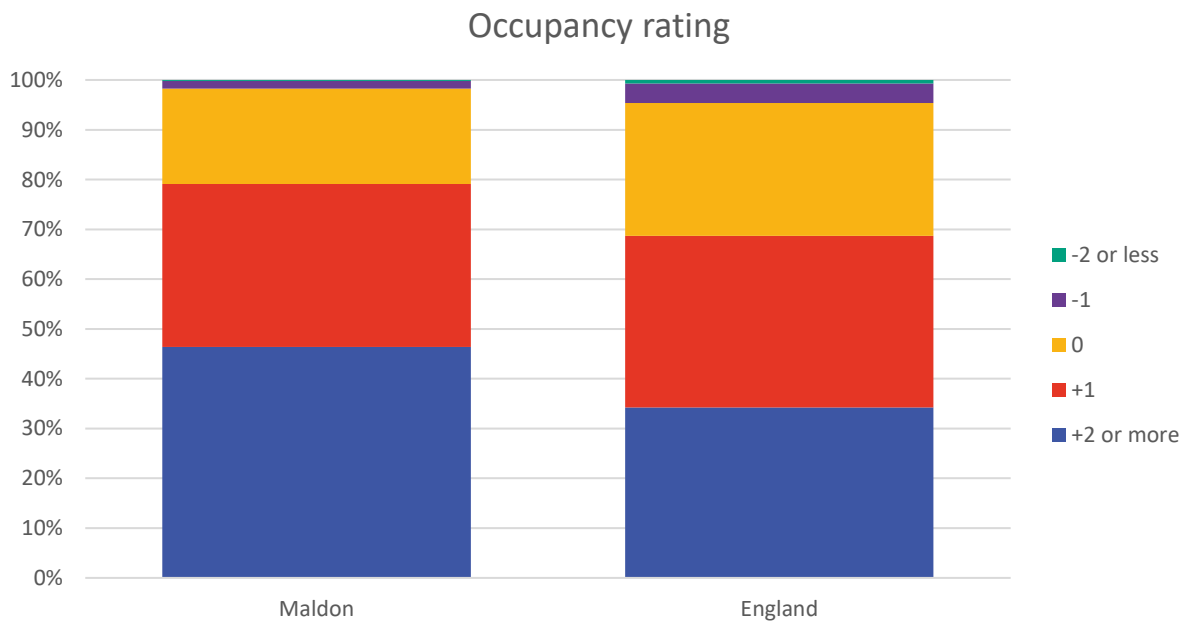

The proportion of homes with no usual residents in Maldon was 5.1% according to the 2011 Census. This level is higher than the England average of 4.3%.

2. Availability

Source: Council Tax Base

1.3% of residential properties in Maldon were recorded as vacant in 2018 according to Council Tax Base data. This is much lower than the England average, suggesting high levels of vacant homes are unlikely to be a problem.

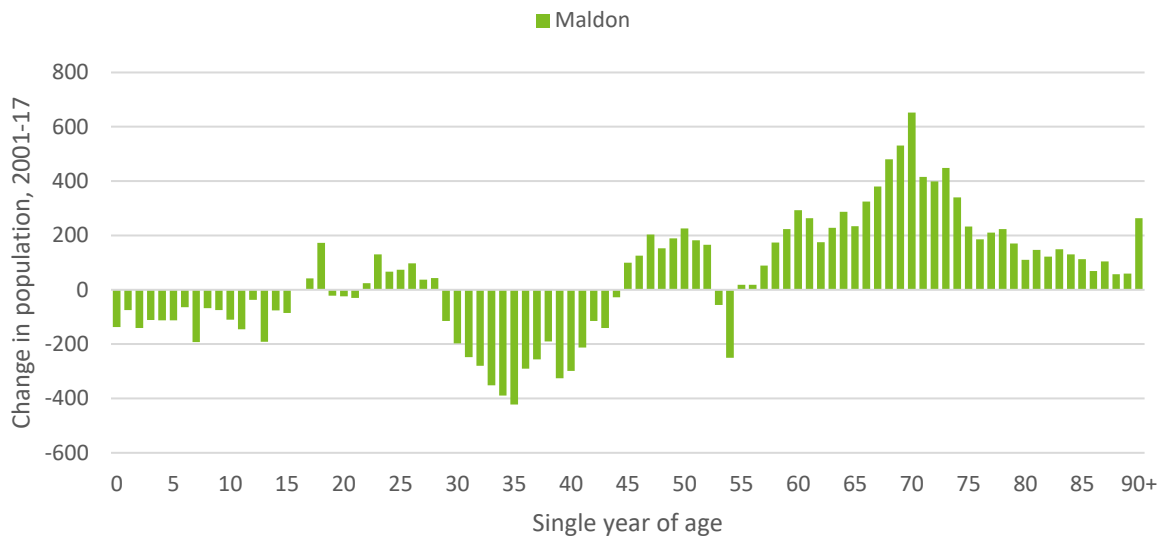

Source: 2011 Census

46.4% of homes in Maldon had two or more spare bedroom, according to the 2011 Census. This is much higher than the England average, suggesting the distribution of housing is likely to be a significant problem.

2. Availability

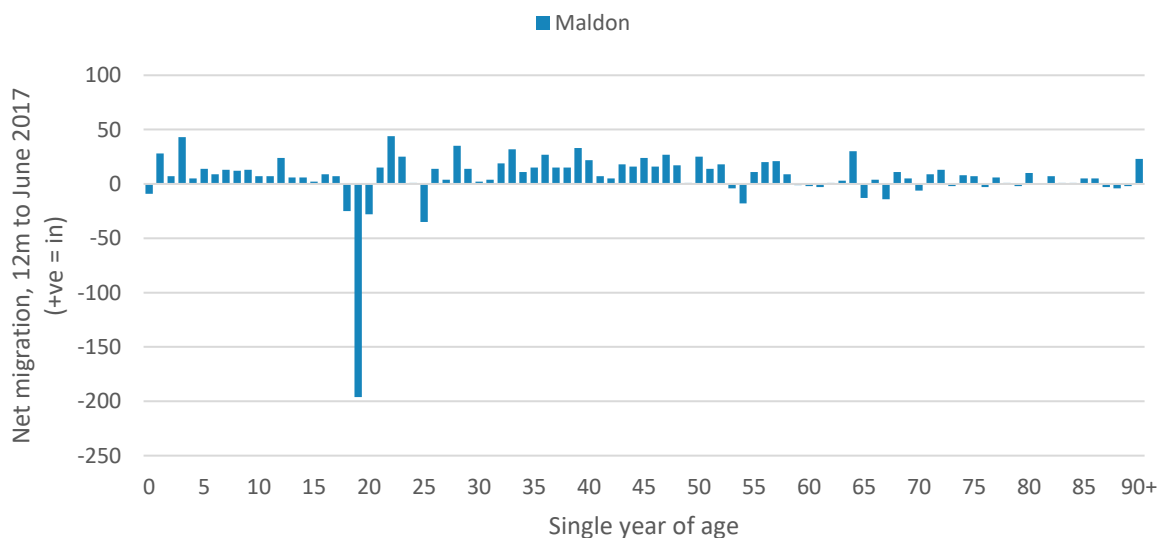

Population change by age, 2001-17

Source: ONS Population Estimates

Overall, the population of Maldon grew between 2001 and 2017, changing by +7.4%. Overall growth at national level over the same period was +12.5%. By age, the largest single contribution to growth was from 70 year olds.

Net migration by age

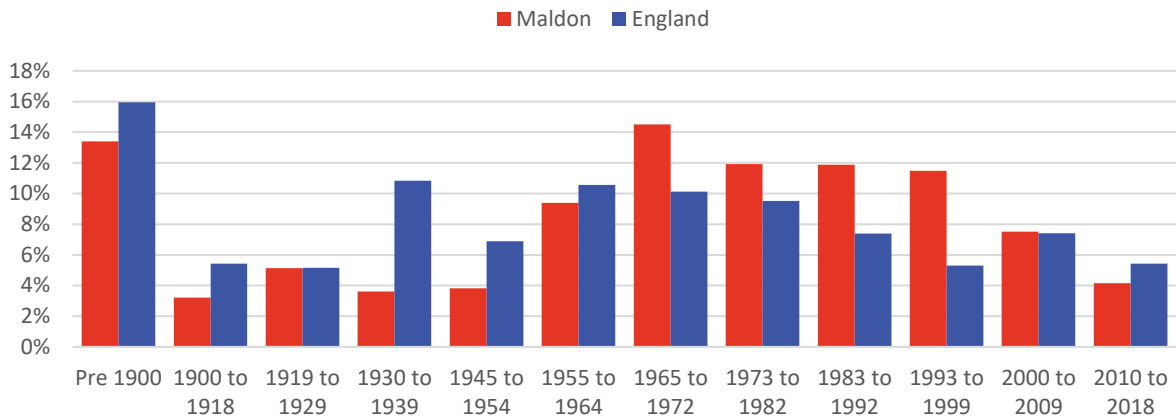

Source: ONS Local Area Migration Indicators

The overall population in Maldon changed by +1.1% due to migration in the 12 months to June 2017: +0.9% from domestic sources and +0.1% from international. By age, the largest single contribution to growth was from 22 year olds.

EPC rating

Source: Council Tax Base

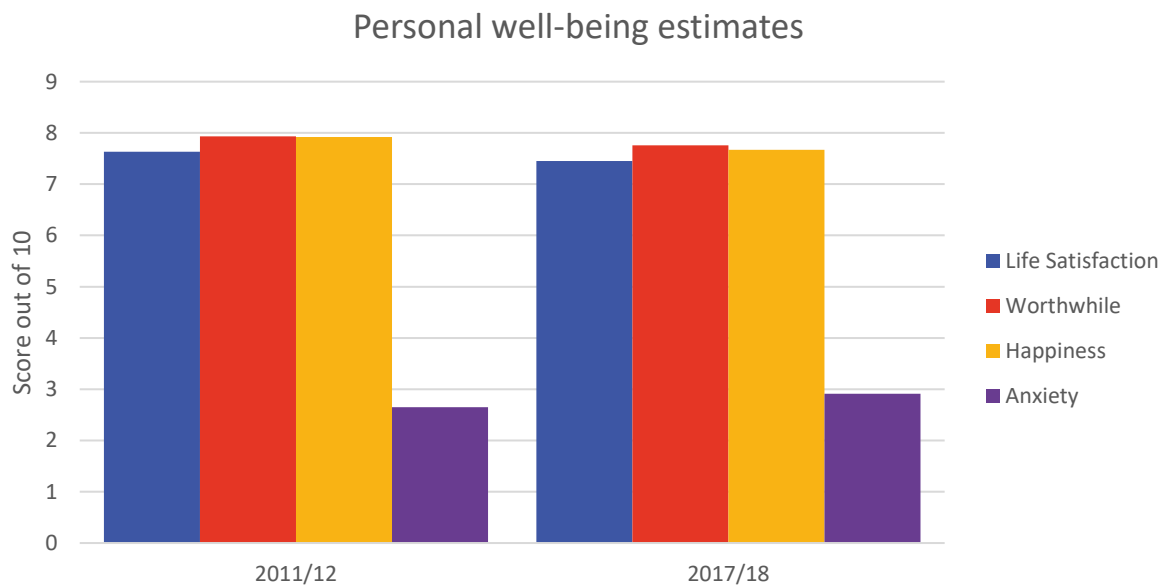

These three charts show property characteristics for Maldon from the 2018 Council Tax Base, compared to the national averages.

3. Suitability

Source: 2015 Indices of Multiple Deprivation

8% of the LSOAs in Maldon are in the three most deprived deciles, based on the 2015 indices of multiple deprivation. This suggests it is an area of very low relative deprivation (the national average is 30%).

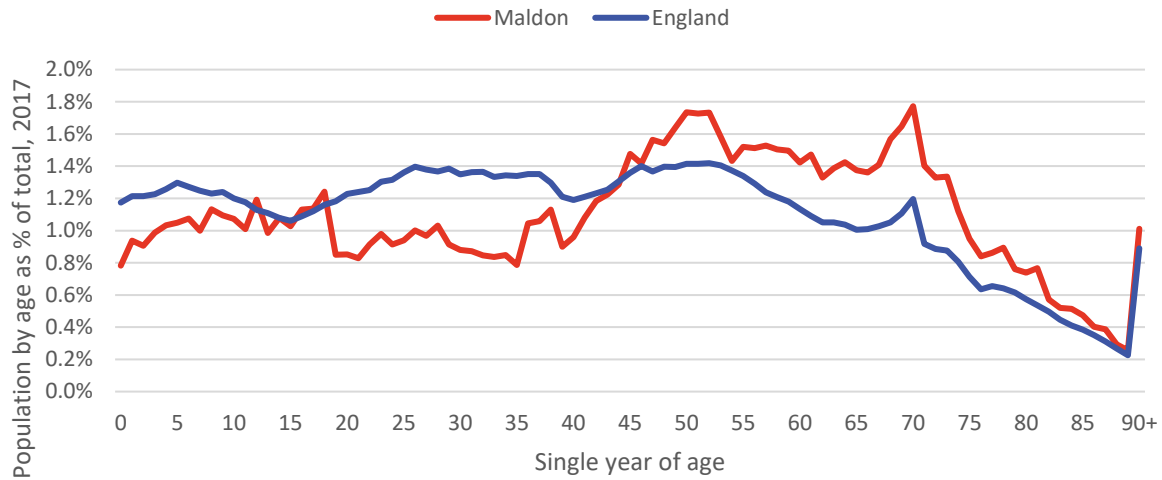

Source: Annual Population Survey (Headline estimates of personal well-being)

Residents of Maldon scored their life satisfaction at 7.45 out of 10 on average in 2017/18, compared to the England average of 7.68. The corresponding figures for 2011/12 were 7.63 and 7.41 respectively.

Over all four categories combined, local people have approximately average levels of well-being in 2017/18, compared to the national figures.

3. Suitability

Population structure

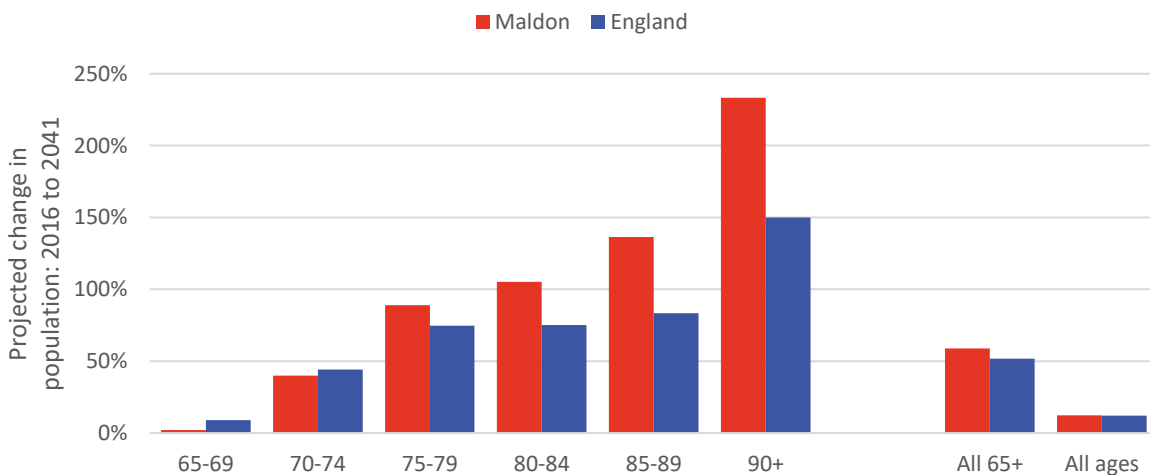

Source: ONS Population Estimates

The population structure of Maldon comprised 6.6% aged 18 to 24, 50.2% aged 25 to 64, and 24.6% aged 65 and over in 2017. The corresponding figures for England were 8.7%, 51.9% and 18.0%.

This suggests that the local population may include a lower than average level of students, along with a higher than average level of older people.

Population growth: older people

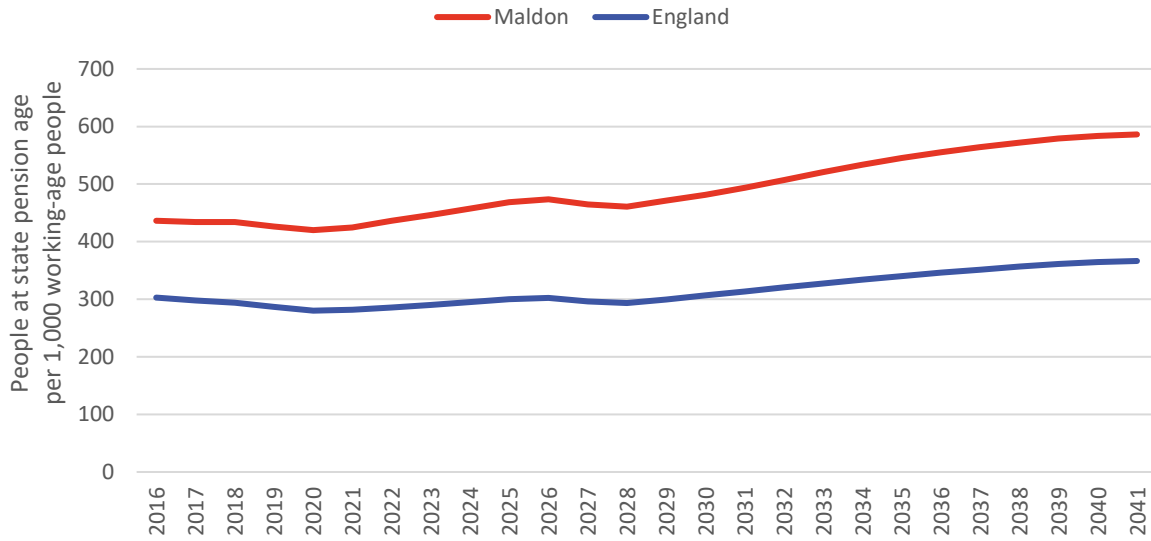

Source: ONS 2016-based Population Projections

The 65 and over population of Maldon is expected to grow by 58.8% from 2017 to 2041, according to the latest ONS population projections. This is compared to an overall population change of +12.3%. The corresponding national figures are growth of 51.7% and 12.1% respectively.

3. Suitability

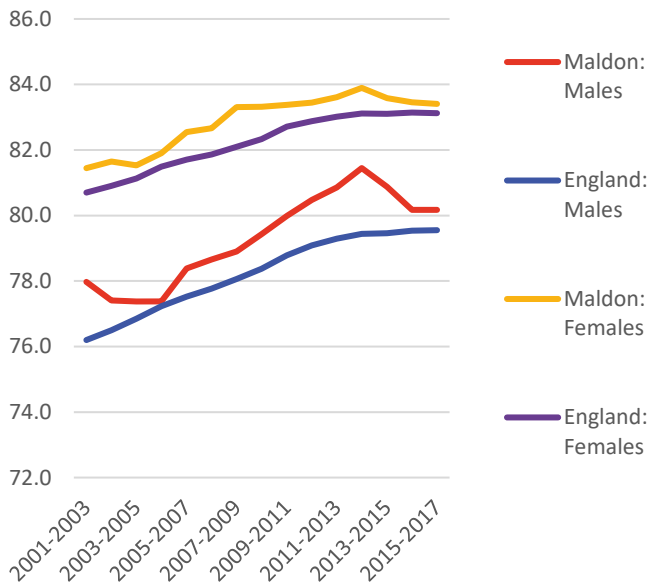

Old age dependency ratio

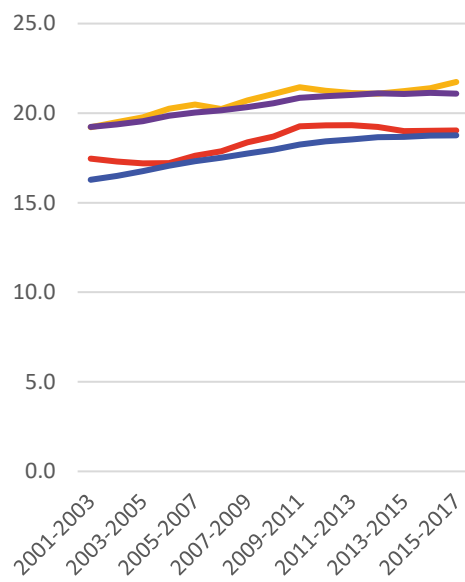

Source: ONS Old Age Dependency Ratios

In Maldon in 2019 there are expected to be 426.6 people of state pension age for every 1,000 working-age people, compared to an average of 286.8 at national level. By 2041 these rates are projected to reach 586.2 and 366.4 respectively.

Life expectancy at birth

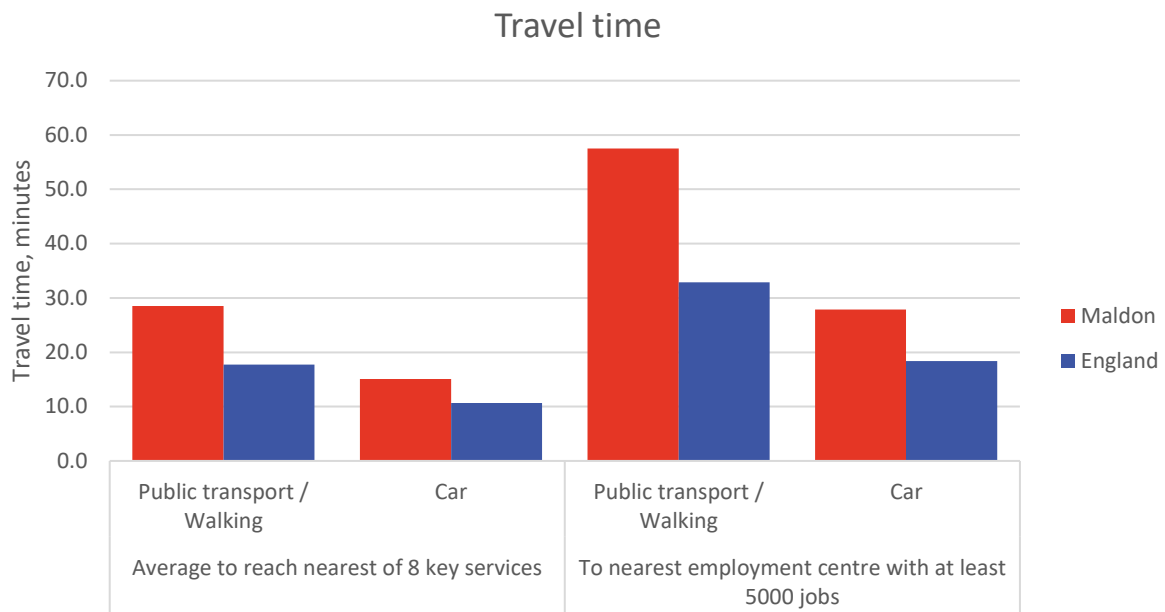

Life expectancy at age 65

Source: ONS Life expectancy at birth and age 65

The average life expectancy for people born in 2015-17 in Maldon is 80.2 years for men and 83.4 years for women. The equivalent national figures are 79.6 and 83.1 respectively.

3. Suitability

Source: DfT Journey Time Statistics

Maldon has well below average public transport connectivity compared to the national figures, with an average travel time to reach the nearest 8 key services of 28.5 minutes (England average = 17.7).
