

Surrey Heath

Residential
Analysts

1. Affordability

Average house prices

Source: HM Land Registry Price Paid Data

The average house price in Surrey Heath in 2018 was £400,000. The median ratio of house prices to local earnings is 10.4. This is higher than the England average of 8.0, suggesting high house prices are likely to be an issue.

According to 2016 ONS data, the average price per square metre was £4,163 with the average price per bedroom £92,315 - the corresponding national average figures were £2,463 and £55,087.

Sales distribution by house price

Source: HM Land Registry Price Paid Data

New homes made up 7.9% of the total 1,334 sales recorded by the Land Registry in 2018. 20.8% of total sales were flats, and 25.3% were under £300,000. By comparison, 66.0% of transactions nationally were under £300,000.

1. Affordability

Source: VOA Private Rental Market Statistics

Private rents in Surrey Heath in the 12 months to September 2018 ranged from £750 per month for a lower quartile one bed to £2,250 for an upper quartile four (or more) bed property. The overall median private rent was £1,000, which is much higher than the England average of £690, suggesting high private rents are likely to be a significant problem.

Source: MHCLG Live Tables on Rents, Lettings and Tenancies; VOA Private Rental Market Statistics

Social rents are approximately 49% of private rents in Surrey Heath. Average social rents have increased 8.1% over the past five years, compared with 9.3% at national level.

Note: Social rents based on simple average of RP and local authority stock, or RPs only where no local authority stock (e.g. LSVT).

1. Affordability

Source: ONS Annual Survey of Hours and Earnings

The median full-time earnings in Surrey Heath were £39,626 in 2018, compared to £29,869 in England. Half of local full-time workers earn between the lower quartile of £26,039 and the upper quartile of £56,930, compared to national figures of £21,273 and £42,285.

NOTE: Earnings estimated due to incomplete survey data.

This chart shows a simple comparison of initial mortgage costs and rents for a range of scenarios to represent potential FTB decisions.

Note: Buying scenarios based on average terraced house value (flat in London), lower of £600k (HTB limit) or average new build for HTB, and includes +3% mortgage rate stress test.

1. Affordability

Source: HM Land Registry UK House Price Index

House prices in Surrey Heath in December 2018 are higher than their 2007/08 peak by 33.3%, compared with England at +27.3%. This suggests that rapid house price growth through the current cycle is likely to be a local problem. Values in 2018 increased by 3.3% annually.

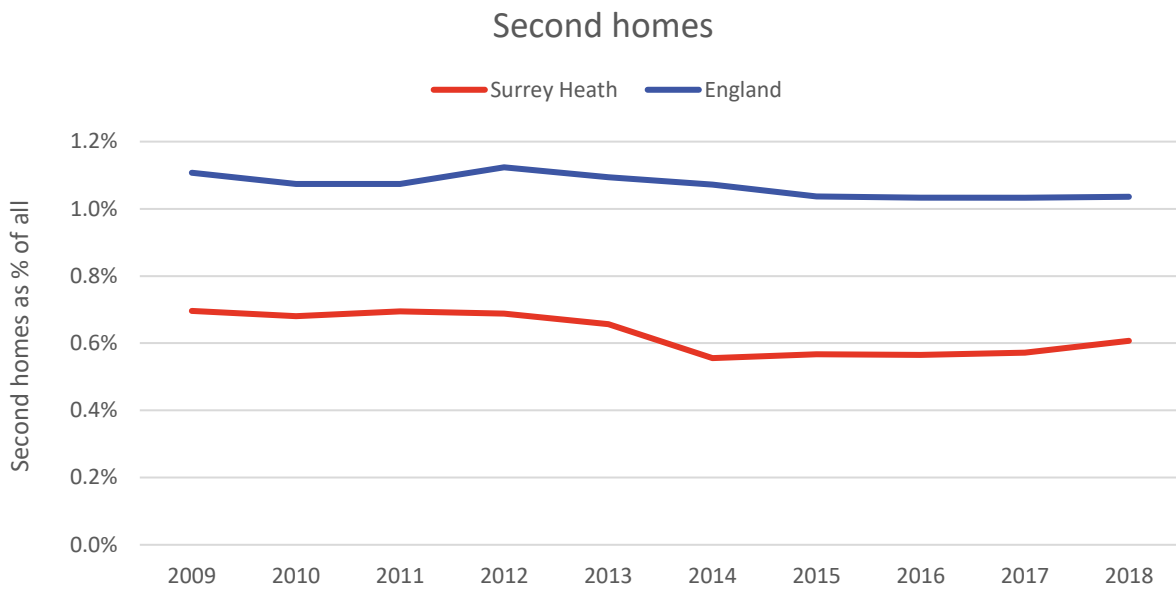

An indicative rental yield (based on ave 2 bed rent vs. ave flat sales value) for Surrey Heath is 5.1%, compared with 3.4% nationally.

Source: UK Finance

This chart shows the change in mortgage lending across the postcode districts in Surrey Heath. The total volume of lending in the 12 months to Q2 2018 was £6,631 million, compared with £6,551 million a year earlier, a change of +1.2%.

1. Affordability

Source: Council Tax Base

0.6% of residential properties in Surrey Heath were recorded as second homes in 2018 according to Council Tax Base data. This is lower than the England average, suggesting high levels of second home ownership are unlikely to be a significant problem, though other sources should be considered.

Source: 2001 and 2011 Census

10.2% of households in Surrey Heath were rented privately according to the 2011 Census, compared to 6.6% in 2001. The England average changed from 8.8% to 15.4% over the same period.

0.1% of the PRS households in Surrey Heath comprised only students in 2011, compared with 3.7% in England, suggesting students are not a significant part of the local PRS market.

1. Affordability

Social mobility index

Source: Social Mobility Index

Surrey Heath received an overall standardised score of 58.9 in the 2017 Social Mobility Index, compared to the England average of zero. Surrey Heath ranks as 26/324 for overall score across all English local authorities for which data is available. Local house price affordability could be a further barrier to social mobility in this area.

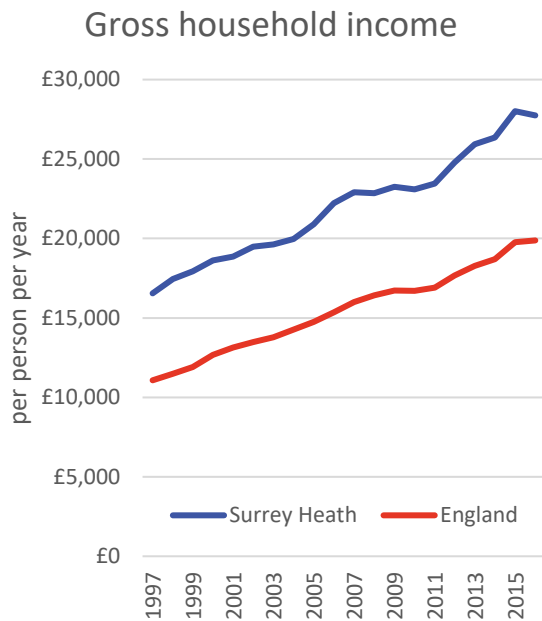

Source: ONS Local Labour Market Indicators

Employment in Surrey Heath changed from 76.9% in 2014/15 to 80.9% in 2017/18; unemployment changed from 3.0% to 2.6%; and economic inactivity changed from 20.0% to 17.0%.

By comparison, employment in England changed from 73.6% in 2014/15 to 75.3% in 2017/18; unemployment changed from 5.3% to 4.2%; and economic inactivity changed from 22.2% to 21.3%.

1. Affordability

Source: ONS Regional Accounts

Gross domestic household income in Surrey Heath was £27,736 per person per year in 2016, compared with £22,220 in 2006. By comparison the figure for England changed from £15,349 to £19,878 over the same period. Based on this measure, Surrey Heath is an affluent area.

Gross value added at district level was £36,928 per person per year in 2016, compared with £30,700 a decade earlier. By comparison the figure for England changed from £21,773 to £27,108 over the same period.

2. Availability

Source: MHCLG Live Tables 253a and 122

The measures of 'conventional' housebuilding for Surrey Heath are shown in this chart. The 'official' MHCLG supply figures for 2017-18 recorded 178 new build completions (excluding any conversions or change of use). Over the same period 170 completions were recorded in the 'unofficial' quarterly data, along with 280 starts.

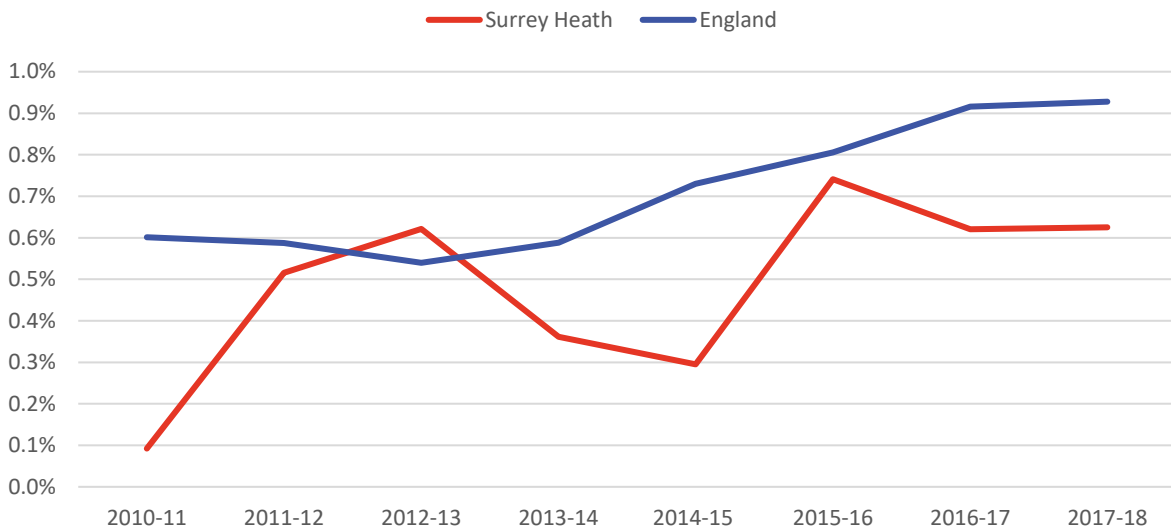

Source: MHCLG Live Table 122; MHCLG Live tables on Energy Performance of Buildings Certificates; Council Tax Base

This chart shows total supply for Surrey Heath. The 'official' MHCLG supply figures for 2017-18 recorded 224 net new homes in total (including conversions and change of use, and after demolitions), and the Council Tax Base changed by +184 homes in the same period.

EPCs issued for new homes are used as a lead indicator of supply and can often be used to estimate net supply: 275 were recorded in the 2018 calendar year in Surrey Heath.

2. Availability

Net additions as % of stock

Source: MHCLG Live Tables 100 and 122

The net new supply in Surrey Heath increased the existing housing stock by 0.6% in 2017/18. This is much lower than the England average of 0.9%, suggesting the level of local supply is likely to be a significant issue. Note that the Government's national target of 300,000 homes per year is equivalent to 1.3%.

Affordable delivery

Source: MHCLG Live Tables 1006C, 1006aC and 1007C

The previous analysis in this section covers delivery of all tenures / by all types of developer. This chart shows only delivery of affordable housing. In Surrey Heath 37 new affordable homes were completed in 2017/18: 0 for social rent, 22 for affordable rent and 15 intermediate affordable homes.

2. Availability

Household and population projections

Source: ONS 2016-based Sub-national Population and Household Projections

Population growth in Surrey Heath is set to average 214 people per year from 2020 to 2041, with projected average annual household growth of 166 households over the same period. The average household size in 2020 is projected to be 2.56, and 2.44 in 2041.

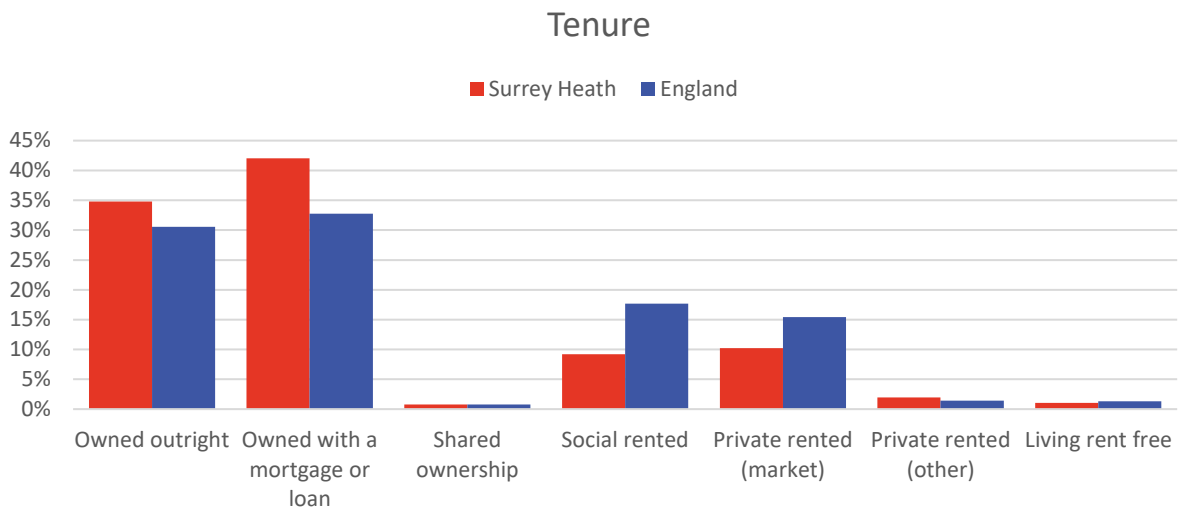

Housing delivery test

Source: MHCLG Housing Delivery Test 2018 Measurement

The most recent figures show that Surrey Heath delivered more new homes than required by the MHCLG Housing Delivery Test. 804 net new homes were supplied over the past three full years, compared with the 635 required. The result of the test is that no action is required.

Source: 2011 Census

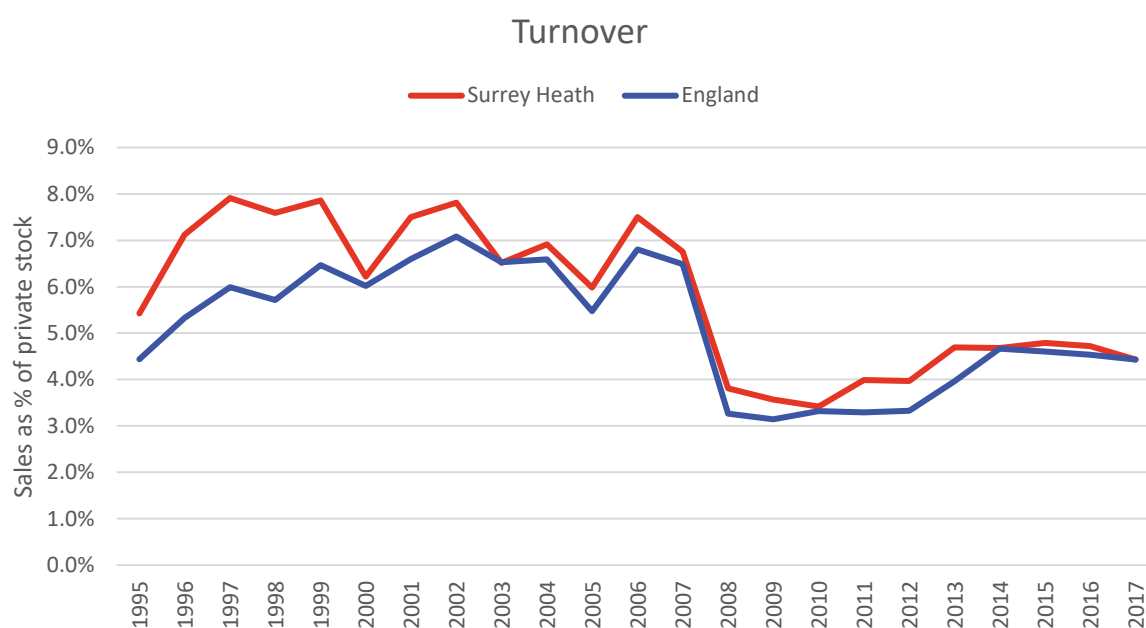

Source: 2011 Census

Source: 2011 Census

These three charts show property characteristics for Surrey Heath from the 2011 Census, compared to the national averages.

2. Availability

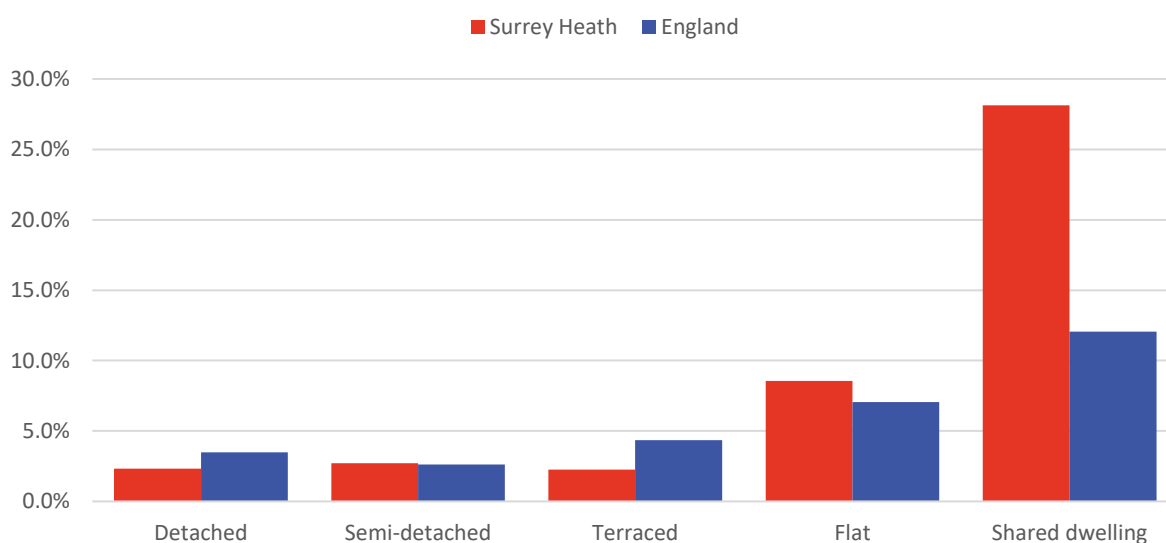

Source: HM Land Registry Price Paid Data

Turnover in Surrey Heath was 4.4% in 2017 (the latest year with full data). This is significantly lower than the average before the global financial crisis (turnover from 2001-05 averaged 6.9%). For comparison turnover in England was 4.4% in 2017.

Note that the above analysis includes both standard Land Registry 'A' data and additional 'B' data (which covers repossessions, mortgaged buy-to-let and corporate transactions). In Surrey Heath in 2017 there were 106 'B' sales, 7.5% of the total.

Homes with no usual residents

Source: 2011 Census

The proportion of homes with no usual residents in Surrey Heath was 3.5% according to the 2011 Census. This level is lower than the England average of 4.3%.

2. Availability

Source: Council Tax Base

1.5% of residential properties in Surrey Heath were recorded as vacant in 2018 according to Council Tax Base data. This is lower than the England average, suggesting high levels of vacant homes are unlikely to be a significant problem.

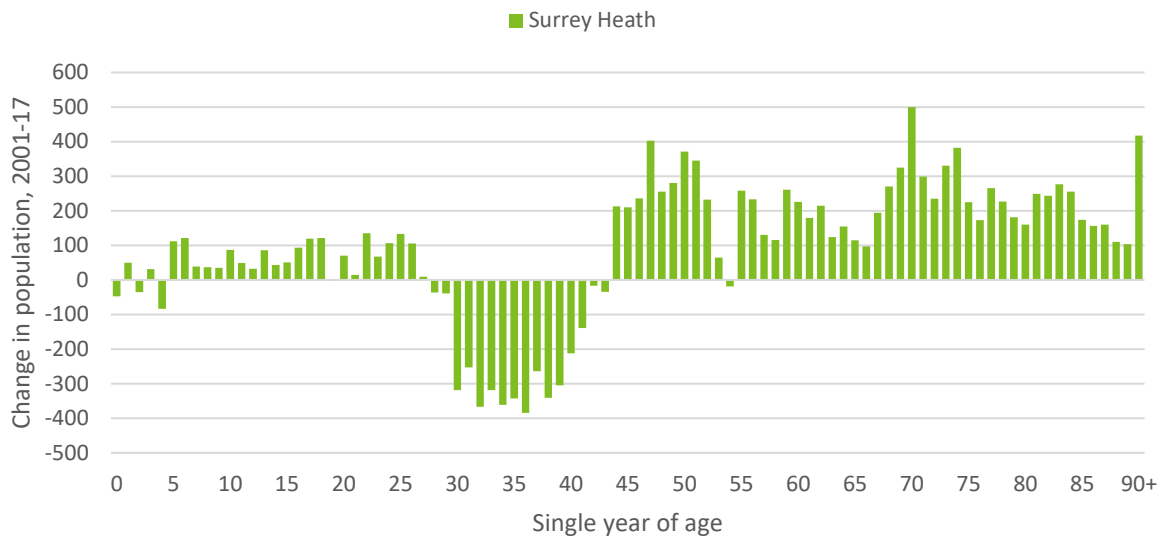

Source: 2011 Census

48.2% of homes in Surrey Heath had two or more spare bedroom, according to the 2011 Census. This is much higher than the England average, suggesting the distribution of housing is likely to be a significant problem.

2. Availability

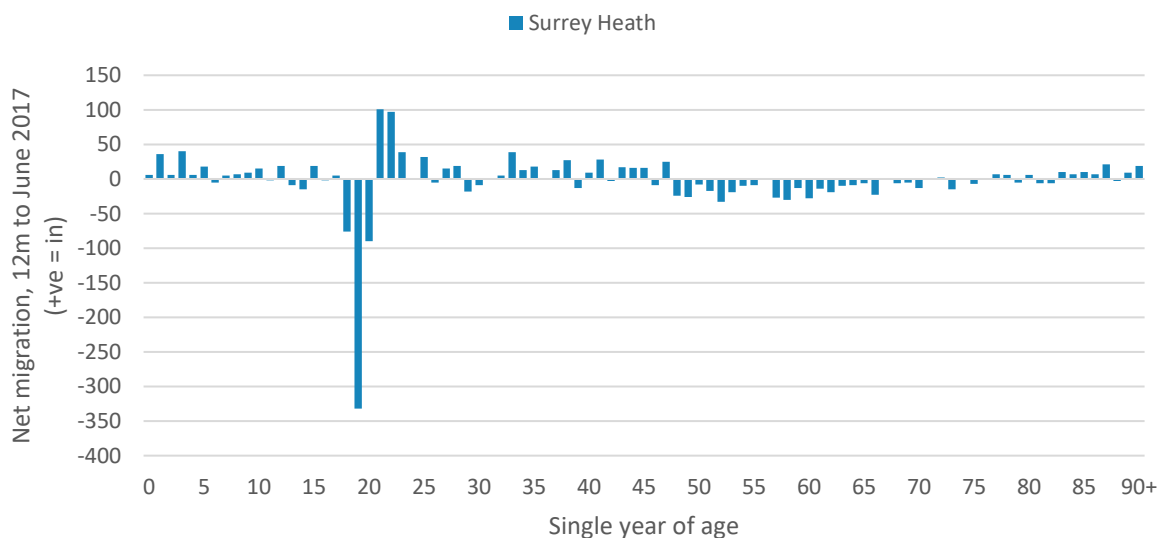

Population change by age, 2001-17

Source: ONS Population Estimates

Overall, the population of Surrey Heath grew between 2001 and 2017, changing by +10.5%. Overall growth at national level over the same period was +12.5%. By age, the largest single contribution to growth was from 70 year olds.

Net migration by age

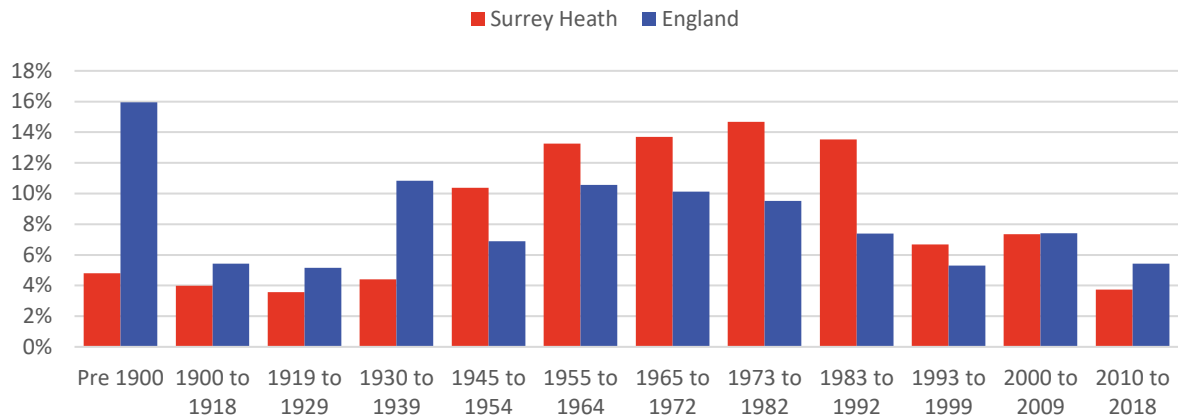

Source: ONS Local Area Migration Indicators

The overall population in Surrey Heath changed by +0.0% due to migration in the 12 months to June 2017: -0.2% from domestic sources and +0.2% from international. By age, the largest single contribution to growth was from 21 year olds.

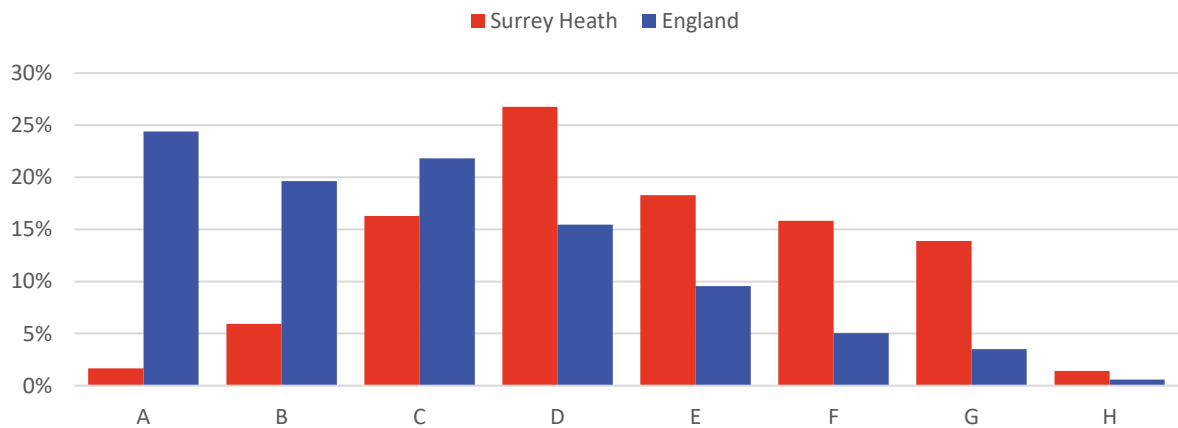

3. Suitability

Age of housing stock

Council Tax band

Source: Council Tax Base

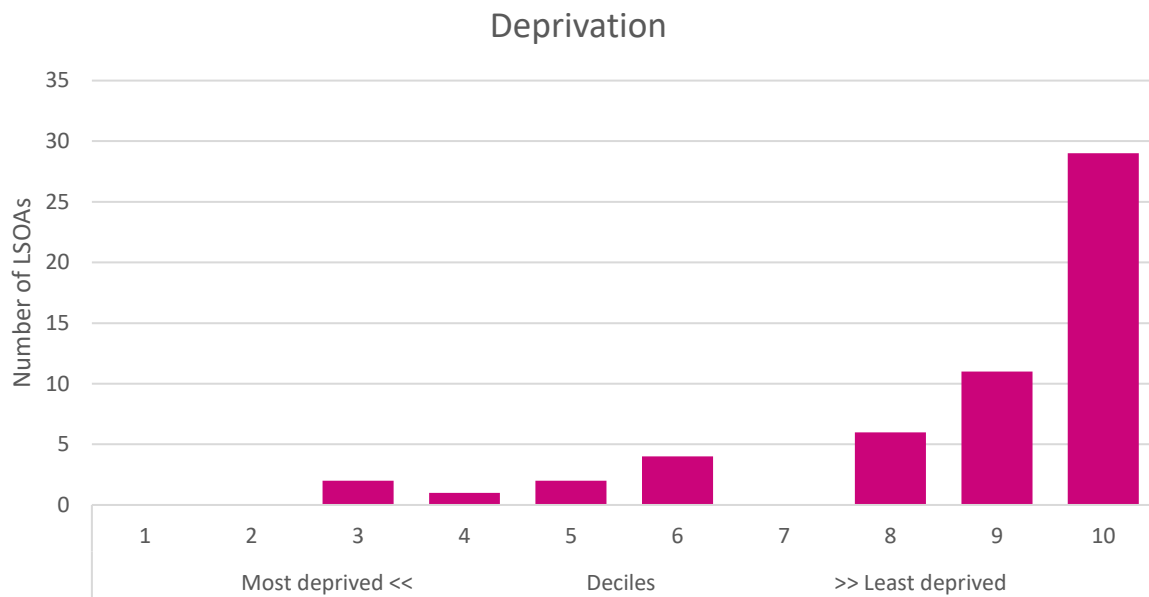

EPC rating

Source: Council Tax Base

These three charts show property characteristics for Surrey Heath from the 2018 Council Tax Base, compared to the national averages.

3. Suitability

Source: 2015 Indices of Multiple Deprivation

4% of the LSOAs in Surrey Heath are in the three most deprived deciles, based on the 2015 indices of multiple deprivation. This suggests it is an area of very low relative deprivation (the national average is 30%).

Source: Annual Population Survey (Headline estimates of personal well-being)

Residents of Surrey Heath scored their life satisfaction at 8.03 out of 10 on average in 2017/18, compared to the England average of 7.68. The corresponding figures for 2011/12 were 7.26 and 7.41 respectively.

Over all four categories combined, local people have significantly higher than average levels of well-being in 2017/18, compared to the national figures.

3. Suitability

Population structure

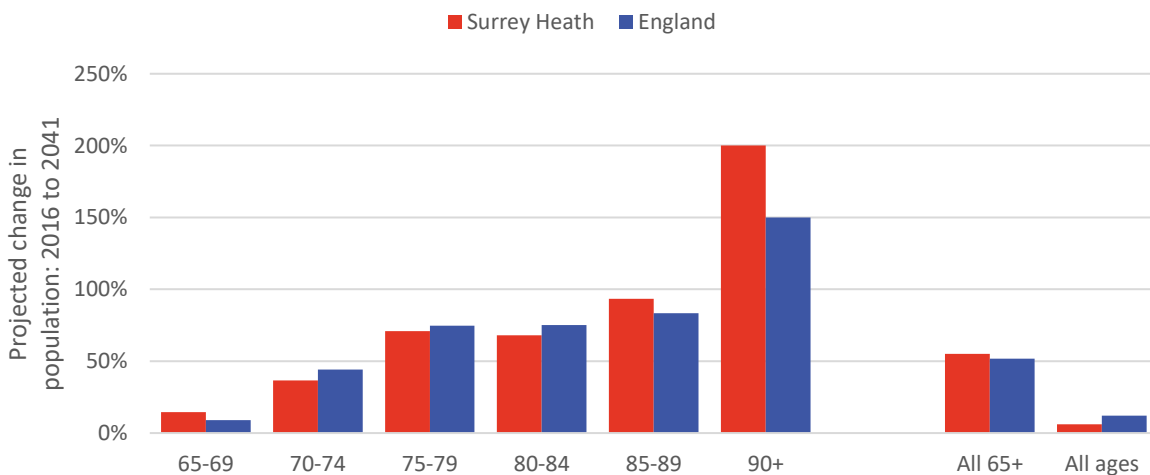

Source: ONS Population Estimates

The population structure of Surrey Heath comprised 6.6% aged 18 to 24, 52.4% aged 25 to 64, and 19.3% aged 65 and over in 2017. The corresponding figures for England were 8.7%, 51.9% and 18.0%.

This suggests that the local population may include a lower than average level of students, along with an average level of older people.

Population growth: older people

Source: ONS 2016-based Population Projections

The 65 and over population of Surrey Heath is expected to grow by 55.0% from 2017 to 2041, according to the latest ONS population projections. This is compared to an overall population change of +6.2%. The corresponding national figures are growth of 51.7% and 12.1% respectively.

3. Suitability

Old age dependency ratio

Source: ONS Old Age Dependency Ratios

In Surrey Heath in 2019 there are expected to be 317.7 people of state pension age for every 1,000 working-age people, compared to an average of 286.8 at national level. By 2041 these rates are projected to reach 450.1 and 366.4 respectively.

Life expectancy at birth

Life expectancy at age 65

Source: ONS Life expectancy at birth and age 65

The average life expectancy for people born in 2015-17 in Surrey Heath is 82.0 years for men and 84.4 years for women. The equivalent national figures are 79.6 and 83.1 respectively.

3. Suitability

Source: DfT Journey Time Statistics

Surrey Heath has about average public transport connectivity compared to the national figures, with an average travel time to reach the nearest 8 key services of 17.5 minutes (England average = 17.7).
